RULES OF ORDER FOR THE COUNCIL

I.—Organization.

Section 1. The Council shall be opened each day with prayer at the hour which may be designated. At the call to order members shall take their seats and preserve proper silence and decorum, standing only when addressing the chair.

Section 2. When the President shall have taken the chair on the first day of the Council, the roll of the Clergy shall be called, and also the roll of the Lay Delegates, whose certificates have been received by the Secretary, and if it be found that a constitutional quorum of fifteen of each order be present, the President shall declare that the Council is duly organized, and is ready for business.

Section 3. In case of absence of Secretary of the Council, the vacancy shall be filled pro tempore by the Council.

Section 4. After the organization of Council, the President shall appoint the following Council Committees:

(1) A committee of two on Journal of Council with power to act during recess and report, of which the Secretary of the Diocese shall be chairman.

(2) A committee of six, three of each order, on the Admission of New Parishes.

(3) A committee of four, two of each order, on Credentials.

(4) A committee of six, three of each order, on Constitution and Canons, with power to consider subjects brought to their notice between the sessions of the Council.

Section 5. The reports and addresses of the Bishop and the Bishop Coadjutor shall be in order at any time after the organization of Council and the appointment of the Council Committees, and shall have precedence over all other business.

II.—Order of Business.

Section 1. When no order of business has been adopted, the order shall be as follows:

(1) Reading of the Minutes of the preceding day, but this may be omitted by a vote of a majority of the Council, taken without debate.

(2) Petitions.

(3) Election of officers.

(4) Report of officers.

(5) The report of Council committees.

- (6) The report of special committees.
- (7) Unfinished business.
- (8) Motions and resolutions.

(This Order of Business subject to the adopted report of Committee on the Dispatch of Business.)

III.—Order of Debate and Legislation.

Section 1. All resolutions or motions shall be reduced to writing, and read by the Secretary to the Council, before they shall be debated, and no resolution or motion shall be considered until seconded. This rule, so far as it requires a reduction to writing, shall not apply to motions to adjourn, to postpone, to lay on the table, to refer to a committee, or other like parliamentary motions.

Section 2. After a motion is stated by the President, or read by the Secretary, it shall be deemed in the possession of the Council, but may be withdrawn by the mover at any time before amendment or vote, with the consent of the second.

Section 3. No new motion or proposition shall be admitted under color of an amendment or substitute for the matter under consideration.

Section 4. If the question under debate contains several distinct propositions, the same shall be divided at the request of any member, and a vote taken separately; except that a motion to strike out and insert shall be indivisible.

Section 5. When a proposed amendment is under consideration, a motion to amend the same may be made, but no further amendment to such second amendment shall be in order; but a substitute to both amendments may be received, and if adopted, shall operate as an amendment to the original proposition.

Section 6. When a question is under consideration, no motion shall be received except to adjourn, to lay it upon the table, for the previous question, to postpone to a certain time, to postpone indefinitely, to commit it, to amend it or to substitute for amendments as in the last section, and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be adopted, the matter before the Council shall be considered as if no such amendment had been offered.

Section 7. Motions to lay on the table and adjourn shall be decided without debate; and such motions shall always be in order, except while a member has the floor, or a vote on any question is being taken.

Section 8. The previous question shall only be put when demanded by a majority of those present. It shall be in this form: "Shall the main question now be put?" and, until decided, all debate, amendments, and other motions shall be out of order.

Section 9. When a question has been decided by the Council or postponed indefinitely, a motion to reconsider can only be made by one member and seconded by another who voted with the majority.

A motion to reconsider must be made the same day the vote is taken, or on the succeeding day.

Section 10. When a member desires to speak or present any matter to the Council, he shall rise from his seat and respectfully address himself to the President, and shall confine himself to the question under debate, avoiding all personalities.

Section 11. If any member trespasses the rule of the Council, the President shall, or any members may, call him to order, in which case the member so called to order shall immediately take his seat, unless permitted to explain, until the question of the order is decided by the President, when he may proceed in order as ruled by the President.

Section 12. All questions of order shall be decided by the Chair without debate, but any member may appeal from such decision, and on such appeal no member shall speak more than once without the permission of the Council.

Section 13. The names of the movers of all resolutions shall appear upon the Minutes of the Council.

Section 14. When two or more members rise at once, the President shall say who is entitled to the floor, and from his decision there shall be no appeal.

Section 15. The vote on any question shall be taken by ayes and noes whenever seven members require it, or by orders whenever such vote is demanded by five members, as required by the Constitution.

Section 16. Every member who may be in the house when the question is put shall give his vote, unless the Council, for special reasons, shall excuse him.

Section 17. No member shall vote upon a question in the decision of which he is immediately and personally interested.

Section 18. Upon a division and count no member shall be counted who is not within the limits assigned as seats of members.

Section 19. The reports of all committees shall be in writing, and all reports recommending or requiring any action or expression of opinion by the Council, shall be accompanied by the proper resolutions expressing the same for the consideration of the Council.

IV.—General Regulations.

Section 1. No member shall absent himself from the meetings of the Council without leave, unless he be sick or unable to attend.

Section 2. The President shall, at his discretion, select suitable seats without the limits of those allotted to the use of members, which shall be appropriated to the accommodation of visiting clergymen and candidates for orders who may be invited by the Rector or Wardens of the Church in which the Council is held, under the direction of the President and Council.

Section 3. No spectator shall, during the daily sessions of the Council, be admitted within the pews allotted to the Council; and the Rector and Wardens of the Church in which the Council is held are requested to see that this rule is enforced.

Section 4. No rule of order shall be repealed, amended or suspended, except by a two-thirds vote.

The Bishop read his Council address which was received and ordered printed in the Journal. (See Appendix A.)

Mr. George R. Humrickhouse moved that the following telegram be sent to the Rev. Herbert Nash Tucker, Abingdon Hospital, Abingdon, Pa.: "We send you affectionate greetings and warm wishes for your speedy recovery."

On motion of the Rev. Carter H. Harrison the following message was sent to the Rev. A. A. Pruden, Col. U. S. A., retired.: "The

On motion of the Rev. Chas. H. Holmead, the following message was sent to Bishop Thomson: "The 50th Annual Council of the Diocese of Southern Virginia in session May 12th, at St. Paul's, Suffolk, sends affectionate greetings to you and Mrs. Thomson."

On motion of the Rev. F. A. Gray, the Secretary was directed to send a message to the family of the late Rev. Dr. ZeBarney Phillips.

The Rev. Edwin R. Carter, D.D., moved the following which was adopted:

Inasmuch as at present there is no memorial of the Diocese of Southern Virginia to the Rt. Rev. Alfred Magill Randolph, D.D., the first Bishop of the Diocese of Southern Virginia, and that there is a conviction upon the part of many that there should be such a memorial,

Therefore, be it Resolved:—

1. That a committee be appointed to consider the advisability, possibility, and nature of such a memorial.

2. That this committee shall make report, as soon as practicable, to the Executive Board of the Diocese.

3. That the Executive Board be empowered to act thereupon, and if in their judgment they think it advisable, to plan ways and means for establishing said permanent memorial to Bishop Randolph.

The Chair appointed the following persons to constitute the Committee on a Memorial to Bishop Randolph: The Rev. E. R. Carter, D.D., Col. James Mann, Mrs. Frank W. Darling, the Rev. E. Ruffin Jones, D.D., the Rev. Norvell E. Wicker, Mrs. Frank R. Holladay, Mr. W. I. Gilkeson, the Rev. Robert E. Withers, Jr., ex officio, the Bishop and the Executive Secretary.

This committee to have power to add to its membership.

The Rev. Moultrie Guerry, Chairman of the Committee on Lay Representation, presented the following recommendation which was referred to the Committee on Constitution and Canons:

The committee appointed on Lay Representation to the Diocesan Council makes the following recommendation to the Committee on Constitution and Canons: To amend the Constitution in such words as they deem best, so that each congregation may have at least one delegate, even where that congregation is in a parish including two or more churches and congregations.

Your committee has favored this general amendment from the beginning that the increase in rural and mission churches may keep proportionate pace with the representation from the cities. Certain technical matters need study and, as the Bishop suggests, the Committee on Constitution and Canons may make a study and bring in a statement concerning the status of parishes and congregations in this Diocese. If they see fit to reorder the status of congregations in lieu of the present and somewhat outmoded arrangement, no amendment to the constitution may be needed. If this is not advisable, a committee of the Bishop and the Arch-

deacon and the Chairman of the Committee on Constitution and Canons may determine what congregations as integral parts of a parish may be sufficiently organized to elect their own delegates.

We are not recommending an amendment to the vote by orders.

This committee further recommends, if the proposed representation be granted by amendment or by declaring a new status adjustment, that such delegates as will be affected be elected to the next Council and pending the passage by Council of such amendment or motion be allowed to vote at that time.

And Whereas, This Council has no thought of imposing hardship on any parish,

mission or congregation affiliated with it, but feels that the Diocesan assessment is an obligation each should meet, except under extraordinary circumstances.

APPENDIX A.

REPORT OF THE BISHOP

To the Clergy and Laity of the Fiftieth Annual Council of the Diocese of Southern Virginia:

In the name of the Father and of the Son and of the Holy Ghost. Amen.

It is a matter of great joy that we have concluded another year in the work of the Church in this Diocese. God has blessed our efforts in many ways. With continued good health we have been able to remain on duty during practically the whole year. And the continued cooperation of the clergy and laity has made the year one of happiness and joy, and we believe has furthered the Kingdom of God in our part of the world.

The church in this Diocese has shown some material progress; this in spite of the war and the disturbed and disconcerting conditions entailed thereby. There have been more than seven hundred confirmations. In the vital statistics and financially there have been slight increases in almost every item. This is due in part to nearer complete reports from the churches of the Diocese but also because the congregations have responded to appeals for the work of the General and Diocesan objects. We can all feel much gratified that the Church Program, the Diocesan Expense Account and the Pension Fund Premiums have been met in full or nearly so.

To teach the people to see the oneness of the Church and the effort to make God's "will done on earth as it is in Heaven" is not easily accomplished. Having this constantly in mind and striving to that end will eventuate in an approximation of such an objective. Thus our efforts to support the Church in all her branches of work is one of the most effective ways to attain such an achievement. When the Diocese pulls together and thus expresses her loyalty to the whole Church in every channel of endeavor, there will be taken a long step in the direction to the end to be desired. We feel that there is a desire to make this effort as shown in the cementing of our congregations in everything pertaining to the work which is planned by the Church.

A striking and encouraging condition is the reduction of the aggregate amount of indebtedness in the Diocese. The Diocese itself has no debt, and the total amount owed by the several congregations is less than \$150,000.00. This is a small amount compared with the total value of churches of more than three and a half million. We believe that the Committee on Church Debts of the Diocese will eventually succeed in liquidating all these debts, which will enable a more complete participation in the general support of the whole Church.

There are so many ways in which this can be done that we can only mention some of them. The support of the local church in every way possible is a good beginning. Only by keeping the work of the home Church functioning can we have the interest and necessary inspiration for the work in a larger field. The several congregations of a Church organized such as ours should be so enmeshed that there will be the proper gearing of all the machinery from the power plant to the remotest plant in the most distant field. Of course we recognize the necessity of caring for our young people. There is no more fertile field for the sowing of the seeds of the word than the lives of those in our care who need nurture and teaching and training. The unchurched population of our cities and country side is appalling. Many times the question is asked—"What can I do?" Seek out some children or young people and give them a few hours a week—certainly not a sacrifice but a happy venture and experience—and see the effectiveness in lives directed and the joy in thus ministering.

Perhaps the most widely distributed means to be employed for the work of the Church is in giving of our substance. We often speak of sacrifice. That is indeed a rare virtue as manifested in our contributions. How many take a really serious view to establish a proper perspective in supporting good works and

especially the Church? The transmuting of our time or work into a "medium of exchange" is a means whereby we can help in numerous ways the maintaining of services and ministering to the spiritual needs of people every where. Thus we help our boys in camps and bases and fields, through the Army and Navy Commission. Thus we show our appreciation and devotion to the Mother Church of England by sending aid to British Missions. And in a much larger way, we can help in the ministering to people through the Church Program. This supports work in the Diocese—evangelistic, educational and social Service, the Boys' Home, the Jackson-Feild Home for girls, the prospective aid of an all-time Educational Secretary and Summer Conferences, the maintenance of our Community Houses, and keeping open about 90 churches and missions, white and colored. These are some of the needs of the Diocese, supported by the Church Program. Beyond the Diocese are the mission fields of every sort within our own nation and beyond the seas, carrying in the name of Christ the faith and hope and love which make for the betterment of human living. In addition we are called on from time to time for special aid which cannot be foreseen—the China Emergency Fund, the helping of Theological Seminaries, and others. To all of these some want to give. Others have their preferences, but surely without any undue pressure the generous hearts of our people can be touched and all receive their due for the spreading of God's Kingdom and ministering to the helpless and needy in the name of the Christ.

The world war has caused such a change in the affairs of men that every relation in life feels its effect. It is not only in the complexion of our outer life occasioned by the necessity of denial and even in some cases privation, but the whole thinking of our people has been changed. The philosophy of life and the ways of life are so altered by the uncertain and dreaded outlook that men and nations are in a state of wonderment and vacillation, so that thinking things through does not seem possible. The consequence of this is the promotion of vagaries and the bringing about of inconsistencies in life. Theory and practice are more apart than usually, and opinions and theories are as removed as the poles, because there is left a little of the balance of normal conditions, and yet the thoughts and desires are often the result of emotional and almost neurotic affections. These conditions cannot but be reflected in the Church. If there ever were a time when stabilization of thought and life were needed, that time is now. We know, of course, that the Church is a means and not in itself an end, that the church is the vehicle of that which balances human life and makes it ultimately to see the real and sure destiny of man in the attempt to reach the ultimate which is manifested in the attributes of God alone. If the Church does not bring joy and happiness and peace and love to human life, it has failed of its mission.

There is evidence of this upsetting in the problems we face in adjusting our programs and activities to the rapidly changing schedules. This is not an imaginary film of the mind, but a real condition to face. The students in our universities and colleges and especially in our seminaries are naturally restless and anxious to do something. Our clergymen feel the urge of contributing to the welfare of individuals and group. Our armed forces make an appeal to both laymen and clergymen. All of this presents a practical problem in the Church. Many of our churches are vacant. In our own Diocese some sections are so crowded with both civilian and military groups that sometimes we feel swamped. The care of those in our midst is at times almost terrifying. What can one do but appeal to the loyalty of our people to support the cause of the Christ and bring to bear on conditions around us the services that touch the lives of so many of our brethren. In order then to be definite let me appeal to the clergy to stay at their posts as closely as possible. If vacations seem necessary, make them as short as seems well; arrange with neighboring clergy to prevent overlapping of absence; see if possible that churches are not closed for even a short period. Laymen can help especially in vacant parishes as lay readers. They can take over many of the real responsibilities which belong to them, but which have gradually been allowed to become the clergyman's duty. The morale of our people both civilian and military must be kept on a Christian plane in order that we rightly resist and

overcome oppression and then be equipped spiritually to win the world to "that peace which passeth all understanding."

In this there is a place for all.

This is not merely a matter of pious thinking and an occasional prayer, but the active participation on the part of all who are "signed with the sign of the Cross" in bringing in "the day of Jesus Christ." We are inclined, for the most part, to leave such expressions of our religion to the clergyman with a satisfaction on our part that we are morally behind him. Such is not the equivalent to a real entering into the work of the Church as is possible with the cooperation and coordination of all in the furtherance of a social order and a political regulation that will make for the happiness of our people, and "that we may show forth God's praise among the nations of the earth." In its legislation and government our Church is a layman's Church with functions and responsibilities placed on the people. To prosper and grow and properly function, there must be the active loyalty of every member. The clergy, as the spiritual leaders are entirely inadequate unless there is the hearty support of those who are led. Vestries and other members of the Church, not only have grave responsibilities but are essential to the development of Christian faith and life in the Church and community. When there is a real and abiding faith in the mission of the Church, there is a response on the part of the faithful and this response will make for the happiness of him who gives and him who receives.

One of the duties we must never forget is that the Church is a teacher. Before the days of Sunday Schools, the Church through pulpit and home taught the fundamentals of Christianity. We must realise that through the sacraments and services and the pulpit and the lives—"Epistles known and read by all men"—we must teach people the great truths of God and bring them to build their own lives into the great living fabric of God's Church. So varied and numerous are the ways and avenues today that there is a place for every one in bringing this to pass. The Church School, the Young People's organizations, the noble work of the Woman's Auxiliary and many other phases of Church work enable us—every one who will—to make a contribution to the bringing in of the Kingdom of God.

It is with much pleasure and satisfaction that I commend to the Council the work of the staff and officers of the Diocese. In every respect there has been a coordination of the work and without this helpful and pleasant relationship, the work would be much more arduous. The Archdeacons and the office Secretary have always shown a willingness, not only to help but in many ways to relieve the Bishop in his work. This is no less true of all the officers and committees. The Chancellor gives much time and most courteous consideration to matters called to his attention. The Standing Committee, the Examining Chaplains, the Trustees of the Funds, have all contributed to the welfare of the Diocese. The Executive Board, including the various Departments—the Field and Publicity Committee, the Diocesan Board of Missions, the Finance Committee, the Diocesan Board of Christian Education, the Board of Social Service, the lay workers, the clergy and people have made it not only possible, but pleasant to carry on the work of the Diocese.

We are facing new and untried conditions which certainly will test the power of the Christian religion as exemplified in the lives of men. Are we not living in an age "tossed to and fro, and carried about with every wind of doctrine, by the sleight of man and cunning craftiness?" Is it not that the world of humanity needs stabilizing? In every relationship, economic, industrial, governmental, educational, social, there is the need of making known the basic necessity of the Church of God as the purifying and preserving agent in the great human structure of the world. Thus, not as a luxury, but as a great essential, we must make the power of Christ rule in the lives of men that "God's will may be done on earth as it is in heaven." In this way only can there come out of the great cataclysm of world affairs an ordered and peaceful society in which men can live in happiness, and enjoy the fruits of their labor and worship God.

He who would valiant be
'Gainst all disaster
Let him in constancy
Follow the Master.

APPENDIX D.

REPORT OF THE EXECUTIVE BOARD
TO THE 50TH ANNUAL COUNCIL
DIOCESE OF SOUTHERN VIRGINIA

Gentlemen:

Since last Council, four meetings of the Board have been held; on June 25 and September 17 in 1941 and on January 27 and April 15 in 1942. Bishop Brown was present and presided at all meetings. The attendance record of the four meetings was ninety percent.

At each meeting the Bishop outlined conditions in the Diocese with especial reference to vacant cures and to diocesan problems. Concerning these matters, questions were asked and discussions followed.

At all meetings the following financial statements were presented and received: the treasurer of the Diocese of Southern Virginia, the treasurer of the Church's Program, the Diocesan Board of Missions, the diocesan office and the Community House accounts. Final statements for the fiscal year 1941, representing the aforementioned accounts have been printed and are herewith presented to Council.

MATTERS REFERRED BY COUNCIL

1. At the June 25 meeting the Board received from Council, instructions to consider that portion of the Bishop's Council Address referring to an influx of people coming into the Diocese in connection with the National Defense Program and to make suggestions to the clergy interested. The Bishop reported that he had personally visited several training camps and Army and Navy Bases and that he had consulted the Rev. Dr. Churchill J. Gibson who suggested that at the proper time the Bishop should request the Army and Navy Commission of the Church to send Chaplains into the Diocese. No action was taken by the Board at this time.

2. As the Committee on Finance, the Board received from Council a recommendation to consider and in the judgment of the Board to approve the expenses of delegates to the Provincial Synod. On motion an appropriation was made, not to exceed \$20.00 for each delegate to the Synod, to be used for travelling expenses if it should be asked for.

THE COMMITTEE ON FINANCE

January 27, 1942. The Board received from Mr. C. G. Milham, Chairman of the Committee on unpaid diocesan assessments a report of his activities. This report was commended by the Board, Mr. Milham was requested to continue in office and the report was ordered to be printed, properly edited, in the Jamestown Churchman.

At the same meeting, the treasurer of the Diocese presented a memorandum of the receipts and expenses anticipated in 1942.

April 15, 1942. The Report of the Committee on Finance was considered and recommended to Council for adoption. This report carries with it the proposed expenses of the Diocese for the current year.

THE CHURCH'S PROGRAM FOR 1942

January 27, 1942. Having received from the Field Department an expectation of \$39,000.00 from subscriptions to the Church's Program for 1942, the Board made allocations as follows:

Diocesan Board of Missions.....	\$ 8,500 00
Colored Missions.....	5,800 00
General Church Missions.....	12,500 00
Boys' Home, Inc.....	2,700 00
Jackson-Feild Home.....	2,500 00
Community Houses.....	1,800 00
Seaman's Work.....	200 00
Christian Education.....	1,500 00
Publicity Department.....	300 00
Field Department.....	400 00
Salary of Treasurer.....	800 00
Administration.....	1,000 00
	<u>\$ 38,000 00</u>

An additional allocation of \$200.00 was made from the 1941 Program balance to the Department of Christian Education, should this amount be required.

Under the Diocesan Board of Missions, appropriations in the total amount of \$17,373.00 were made for work in Southern Virginia. \$1,400.00 additional was appropriated by the Diocesan Board of Missions at the April, 1942, meeting, bringing the total up to \$18,773.00. The difference between this sum and the expectancy of \$8,500.00 from the 1942 Church's Program will be met from cash balances, lapsed balances and income received from outside sources.

At the January 27, 1942, meeting a budget of the diocesan office in the total amount of \$2,371.52 was adopted.

THE FIELD DEPARTMENT

June 25, 1941. An underwriting of not more than \$700.00 in addition to appropriations already given to the Field Department was made to complete the diocesan film, "The Eternal Light."

January 27, 1942. The Rev. Geo. P. Gunn, Chairman, having finished his term of office, presented his final report which was received with an expression of sincere appreciation and with the thanks of the Board to Mr. Gunn and his assistants for their faithful and successful work. A letter of appreciation was also sent to Mr. J. Owen Campbell, photographer of the diocesan film.

April 15, 1942. At the request of the Bishop, the Executive Secretary presented an Asking budget for the Church's Program for 1943. The total amount of this Asking budget was \$42,300.00. By an appropriation of \$300.00 from the 1941 Program balance to the Department of Christian Education for their work in 1943, the Asking budget was reduced to \$42,000.00. As approved it is herewith presented to Council in the following form:

1—DEPARTMENT OF MISSIONS:

A—Diocesan		
(a) White Missions.....	\$13,000 00	
(b) Colored Missions.....	5,300 00	
B—General Church Missions.....	12,500 00	\$30,800 00

2—DEPARTMENT OF CHRISTIAN SOCIAL SERVICE:

A—Boys' Home, Inc.....	\$ 2,700 00	
B—Jackson-Feild Home.....	2,500 00	
C—Diocesan Community Houses.....	1,800 00	7,000 00

3—DEPARTMENT OF CHRISTIAN EDUCATION.....	1,800 00	
4—DEPARTMENT OF PUBLICITY (Jamestown Churchman).....	300 00	
5—DIOCESAN FIELD DEPARTMENT (1st Charge).....	300 00	
6—SALARY OF TREASURER (1st Charge).....	800 00	
7—ADMINISTRATION (1st Charge).....	1,000 00	
Total.....		<u>\$42,000 00</u>

Should the Department of Christian Social Service need an additional amount to provide for the salary of another worker, it is suggested that this be met from the 1941 cash balance of the Church's Program.

It is further recommended that the individual askings from the churches of the Diocese for the 1943 Program be the same as for 1942 with such slight readjustments as the Field Department may deem wise to make.

NOTE: Since the April meeting, the Bishop has proceeded to reorganize the Field Department, the Rev. Mr. Gunn having consented to continue as Chairman.

On September 17, 1941, the Board directed that a letter be sent to all aided parishes and missions requesting that the Every Member Canvass be used as basis for developing the parish from the Mission status to full independence.

DEPARTMENT OF CHRISTIAN SOCIAL SERVICE

September 17, 1941. The Rev. Norvell E. Wicker, Chairman, reported that the Phoebe Anne Community House has been painted, that the physical property of all Community Houses is in good condition and that the work is progressing satisfactorily.

January 27, 1942. The Board again requested the Department of Christian Social Service to evaluate the work being done at the Community Houses and to give additional information as to the origins and the disposition of Community House funds.

At the April meeting this report was received by the Board from the Chairman of the Social Service Department and referred to the Bishop for his consideration.

DEPARTMENT OF CHRISTIAN EDUCATION

September 17, 1941. The Rev. Moultrie Guerry, Chairman, reported to the Board, the employment of Miss Nell Pinner as field Secretary. Miss Pinner resigned in November of that year.

At the April meeting, it was announced that Miss Maude Cutler, field worker for the Province of Sewanee, has been engaged by the Department as a field worker for education in Southern Virginia and will begin her duties this Fall.

DEPARTMENT OF PUBLICITY

At each meeting of the Board, the Rev. Geo. P. Gunn, Chairman of this Department, presented the treasurer's report of the Jamestown Churchman.

At the September meeting, the Board directed that special envelopes be printed and distributed to the churches in order to aid them in securing subscriptions for the Jamestown Churchman.

At the April meeting there was considerable discussion in the Board as to enlarging the scope of the work of the Publicity Department. The suggestions made were referred to the Department for its consideration.

GENERAL MATTERS

June 25, 1941. Authorized the creation of a coordinating Committee consisting of Chairman of all diocesan institutions and organizations.

Requested the Rev. Mr. Ashbury to ask the Provincial Synod for the return of some \$600.00 unused balance contributed by Southern Virginia for deaf mute work.

April 15, 1942. Expressed sincere regret because the Rev. Mr. Ashbury is soon to leave the Diocese. Placed on the minutes an appreciation of Mr. Ashbury's service to Southern Virginia.

September 17. Notified by the Bishop that under the will of the late Rev. E. P. Miner, his home on Brandon Avenue and several pieces of antique furniture were left to the Diocese.

Requested the diocesan Church Pension Fund Committee to investigate the matter of pensions to retired lay workers of the church.

September 17. The Bishop presented the following communication:

"(1) I hereby recommend that the Executive Board initiate a plan to secure an Episcopal Residence for the Diocese.

"(2) I hereby recommend that the Executive Board take steps looking to the securing of permanent headquarters and offices for the Diocese."

The Board approved the Bishop's recommendation in principle and appointed the following Committee to study the questions raised: The Rev. Geo. P. Gunn, the Rev. J. K. M. Lee, Mr. George R. Humrickhouse.

A preliminary report of this Committee was made to the Board meeting on January 27th. The committee was appointed as a permanent committee and requested to report to Council.

At the meeting of April 15th, this committee submitted a draft of their report to Council, which was approved by the Board.

The following Resolutions were ordered inserted in the minutes of the meeting of April 15.

MEMORIAL TO GEORGE HARDING LEWIS

George Harding Lewis, a former member of this Board, died at his home in Norfolk on March 24, 1942. He was for many years an active member of Christ and St. Luke's Church, and served from time to time as a member of its Vestry. His advice in church matters was sought and valued. He was regularly elected to and attended the Diocesan Council. He has served several terms as a member of the Executive Board, and has given valuable service as a member of important Boards and Committees of the Diocese. He regarded seriously his duties as a church member, and whenever he accepted an obligation, he met its every requirement. He was interested in all matters that had to do with civic advancement and took an active part in all movements for the public good. He served as president of the Community Fund and was a strong factor in all of its campaigns to raise funds. He continued until his death to be a member of its board of trustees. In 1931 he was accorded the honor of being declared Norfolk's First Citizen, a designation he richly deserved. He was a man of the highest character, greatly honored and beloved by those who knew him best. In all the affairs of life he was a Christian, a good citizen and a gentleman. We shall always recall him with affection and hold him in loving memory. We tender to Mrs. Lewis and his sons and daughters our most sincere and heartfelt sympathy.

Respectfully submitted,

THE EXECUTIVE BOARD.

APPENDIX I.

REPORT OF THE CHAIRMAN OF THE DIOCESAN FIELD DEPARTMENT
TO THE
FIFTIETH ANNUAL MEETING OF THE COUNCIL OF THE DIOCESE OF
SOUTHERN VIRGINIA

Gentlemen:

Since the last Annual Meeting of the Council of the Diocese of Southern Virginia, your Field Department has been engaged with the following activities:

In the months of May, June and July, of 1941, your Chairman was engaged in covering the Diocese to take moving pictures with Mr. J. Owen Campbell. In August of last year, your Chairman edited and wrote the script for the Diocesan Moving Picture, "The Eternal Light," and took the film to New York where the narration was put on the sound track.

The months of September through December were used by your Chairman in showing the film, "The Eternal Light," over the entire Diocese, about fifty points being touched, with a total attendance seeing the film of something in the neighborhood of forty-five hundred of our fifteen thousand communicants. This film was used as instructive promotional material for the work of the Church's Program in connection with the Every Member Canvass.

The result of the Every Member Canvass in our Diocese resulted in an expectancy of \$40,000.00. We of the Field Department are greatly encouraged by the steady increase of contributions, through the Pledges from the various Churches and Parishes of our Diocese, for the Church's Program. Over the last five years the total subscribed has increased from \$35,697.79 in 1938, to \$40,000.00 for the year 1942.

This fact leads us to believe that the increase in the amount to be asked for the Church's Program for the year 1943 can be, and will be, subscribed by our churches and parishes. It will be noted in this connection that the increase for the year 1943 comes almost entirely from a few of the stronger churches of the Diocese, each of which has indicated its desire and willingness to have increased its Askings for the Church's Program for the year 1943. This cooperation is highly valued by your Field Department.

For the year 1942 the Bishop has reorganized the Diocesan Field Department. There is a change in its membership, and another division of the Districts of the Diocese for the work of the Field Department for the Church's Program.

The three Diocesan Convocations have elected their own representatives to the Field Department. The representatives for the Southside Convocation are: The Rev. Messrs. T. G. Faulkner, S. J. Hutton, and N. E. Wicker. For the Tidewater Convocation the representatives are: The Rev. Messrs. C. H. Harrison, F. H. Craighill, Jr., and R. H. Jackson. Archdeacon B. W. Harris is the representative for the Colored Convocation.

Each group, or organization, to receive assistance from the Church's Program during the year 1943 has been carefully considered as to its needs, and the amount of \$12,500.00 has been placed in the Budget for the year 1943 for the General Church.

The following is the Budget for the Church's Program for the year 1943, arrived at after conference with the groups and organizations which receive assistance from the Church's Program:

NOTE—It has been suggested by the Presiding Bishop that all Church Canvasses, of all denominations, be held on the same schedule of dates—November 15th to December 6th. In this connection Bishop Tucker says: "This plan for a United Every Member Canvass is especially valuable in these war days. It should help materially in bringing about a fuller realization of the importance of religion." Please give this plan serious thought.

REPORT OF THE ARCHDEACON FOR COLORED WORK

To the Rt. Rev. Wm. A. Brown, D.D., Bishop of the Diocese of Southern Virginia and President of the Council of the Diocese meeting in St. Paul's Church, Suffolk, Va., May 12-13, 1942:

It is a pleasure for me to report that I think our work is in the best condition that it has been in for a number of years. All of our churches are being served by men who are earnestly carrying on their work; the churches are conducting their financial affairs on a better business basis, and there is evidence of gradual growth. During the year 162 persons were baptized and 124 were confirmed.

The total receipts for all purposes has been and still showing a gradual increase from year to year. In 1940 the total receipts for all purposes was \$17,370 and for 1941 officially the figure was \$17,318, but St. Stephen's Church, Petersburg, report failed to get in in time and I feel confident that it is around \$3,000, which will make the total for all the churches around \$20,000.

CHURCH'S PROGRAM

In 1941 our churches were asked for \$1,212. They subscribed \$979.15 and paid \$972.10 which is nearly \$100 more than was paid last year. For the present year the churches have already pledged \$1,134 and we are going to make every effort to see that these pledges are paid.

During the fall nearly all the churches were visited in connection with the Program and also at our annual Convocation the clergy and laymen are again instructed in the importance of their Diocesan obligations. We believe these results show that our people are taking this obligation more seriously every year.

DIOCESAN ASSESSMENT

Of a total assessment of \$813.10 on account of our churches for 1941, \$637.19 was paid. This compares with \$448.91 paid for 1940 which is \$189 more than the previous year and more than has been paid on this account in a number of years.

The Rev. Mr. Dukes has undertaken the remodeling of St. Augustine's Church, Newport News, at a cost of around \$1,100, the improvement to take the form of brick veneer and repairs to the roof and interior. In November this small congregation raised over \$500 in cash toward the cost, the Rev. Mr. Lee secured \$200, Bishop Brown gave \$100 and the Executive Committee of the Convocation another \$100. Both Mr. Dukes and this small congregation are to be congratulated as this is the first time that these people have really shown marked signs of real interest and devotion to the church.

With the help of Bishop Brown who gave \$100, the Department of Domestic Missions and the Executive Committee of the Convocation the obligation for the improvements at St. Mark's, Bracey, has been reduced to just a little over \$100 so that now we have a nice rectory for our minister serving these churches in Mecklenburg County.

Under Dr. Russell, St. James', Warfield, has raised over \$850 during the past year for repairs and improvements to their church and parish house including the installation of a furnace. This is quite a sum for a rural congregation to undertake, but it shows what our people can and will do for themselves.

CHANGES

During the year the Rev. C. E. Green who was in charge of St. James', Emporia; St. Thomas', Freeman, and Grace, Diamond Grove, retired from the active ministry on account of health after a number of years of hard work in the Convocation.

Mr. E. Deedom Alston, a senior at the Bishop Payne Divinity School, was placed temporarily in charge of this work under the Archdeacon and we expect as soon as he is ordained to the Diaconate to place him in charge of this work permanently.

The Rev. Wm. E. Kidd took up work in Columbia, S. C., on September 1, 1941, and on March 1 this year the Rev. Wm. D. Turner of Savannah, Ga., assumed the rectorship of St. Stephen's, Petersburg, which Mr. Kidd left vacant.

RELIGIOUS EDUCATION

For some reason the American Church Institute for Negroes withdrew its appropriation from our Provincial Summer School of Religious Education at Lawrenceville and applied the same to the St. Augustine's Conference at Raleigh during the year. Our Summer School is the largest we have doing this type of work and to meet this situation the fees were increased and some donations have been made so that we expect this very important work to go on unless prevented by this war emergency especially as it affects transportation.

SUMMARY

At the beginning of this year all the salaries and pension premiums of all of our clergy have been paid except in one case. This means that our churches are keeping up their obligations to their ministers and is a very healthy sign.

I want to thank Bishop Brown, Archdeacon Taylor and the Rev. Mr. Gunn for their invaluable aid to us in many ways in connection with our work and say that all of their efforts are highly appreciated.

Very respectfully submitted,

B. W. HARRIS, *Archdeacon*.

REPORT OF THE COMMITTEE ON THE CHURCH PENSION FUND

Gentlemen:

I beg to present, herewith, the report of your Committee on the Pension Fund.

The assessment schedules of all clergy, payable by any church or organization in this Diocese, are complete to December 31, 1941, and the Diocese was fully protected as of December 15, 1941, with regard to special benefits.

The Fund is now paying pensions to 44 Southern Virginia beneficiaries in the amount of \$21,577 a year, whereas our total pension assessments amount to about \$10,000 a year, of which \$2,000 is paid by income from investments. The net cost is \$8,000 per year. Appended is the list.

During the year we have lost from the Committee one of its most valuable members, Mr. George H. Lewis, whose sympathetic assistance in the work of the Committee and whose wise counsel helped greatly in the solution of the many intricate problems which the Committee has faced. May God grant to him increased opportunity in His Kingdom.

Respectfully submitted,

J. KEITH M. LEE, *Chairman*.

REPORT OF THE COMMITTEE ON CHURCH UNITY

Your Committee on Church Unity begs leave to report that during the year the committee has been inactive, but that Church Unity itself has gone forward with great strides. This progress has been brought about by the conviction, consciously or unconsciously, that Christianity has been attacked, and that, if the Christian religion is to stand the test, it must present to the forces that stand against it a united front. Therefore, the scattered forces of Christendom are co-ordinating their efforts. Also Christians are realizing that there is a great work to be done for the world, that if the world is to be saved, it will be only through Christ—not by arms or material force—but by the Power of God; but that this work of world redemption cannot be performed by any one branch or denomination of the Church, but only through the whole body of Christ, all of its members working together, under the control of the Head, which is Christ. Therefore, the unity that the separate branches of the Church could not accomplish in time of peace, is being accomplished by the united front of Christendom in time of war. The war, therefore, is doing for Church Unity a splendid piece of work. For the first step in organic unity is and must be a spiritual and moral unity. In fact spiritual unity is the life of organic unity, without which there can be no organic unity, but with which, organic unity is the inevitable expression.

As to organic unity of the Church, there is little that a Diocesan Committee can do. All that we can do is to try to produce an attitude of unity, by ever keeping before clergy and laity the fact that Unity is one of the four great marks of the Christian Church, but, like all of these marks, Unity is at present an ideal rather than an actuality—something not yet attained but toward which the Church is struggling. We urge, therefore, upon the part of the clergy of the Diocese that they think this problem through, and present to their people the results of their ripened thought. Also that they keep their congregations informed as to the progress made by the General Church in its efforts toward unity with other denominations of Christendom. But especially do we urge that there be a spiritual and moral cooperation with all Christian forces that are striving to bring to pass the coming of the Kingdom of God, for which Christ has taught us to pray.

Let it be kept in mind that Church Unity, or rather the consideration of Church Unity is one of the objectives of the movement of "Forward in Service," but one of the final objectives, and that for this consideration we must be prepared.

Your Committee makes the following recommendations:

1. That a Committee on Church Unity be continued.
2. That a new Committee be appointed as but few of the members of the present committee are now in union with the Diocesan Council.

EDWIN R. CARTER,

*Chairman of the Committee on
Church Unity.*

APPENDIX M.

REPORT OF THE WOMAN'S AUXILIARY FOR THE DIOCESAN COUNCIL
May 12, 1942

Since January, 1940, when I became the Diocesan President of the Woman's Auxiliary, I have visited and spoken to fifty-two branches—everyone that has invited me—planned and presided over two Annual meetings and five Board meetings; spoken at each of the District meetings each spring; the Willis Mt. Conference; two meetings of the Colored Convocation, the Triennial meeting in Kansas City, and the Provincial Synod in Washington; two meetings of the Board of Directors of the Sweetbrier Conference—also held in Washington; an annual meeting of the Girl's Friendly Society; several meetings of the the Field Department; the Department of Social Service; the Board of Managers of Community Houses, and of the Jackson-Feild Home, and the Coordinating Committee.

I conducted a five hour course at Chatham Conference in 1940 and 1941, reported to this Council each year, and written many letters.

The Woman's Auxiliary is trying to keep up an active branch in every Parish, with every baptized woman a working member. Our program is built on a foundation of Worship, Study, Service, and Gifts, and includes every activity of the Church in all five fields of Mission. We are no longer just a Missionary Society, but encourage participation in all Parish work—particularly the Church School and the care of the Altar—and in all Community Work. While we have enlisted the interest of our women in every phase of Defense Work, we have stressed the importance of putting the work of the Church first. Our Study program includes Church History and Government and the Prayer Book the Church Program, and news of the General Church found in the Church papers and magazines. We urge cooperation with our Rectors as well as with our Bishop and Presiding Bishop, and are very grateful when we can enlist their interest.

I have compiled and had printed each year an Annual report which is sent to the Bishop, the Diocesan officers of the Woman's Auxiliary, and to the President and Treasurer of each branch. According to this report for the year ending December 31, 1941, we have in this Diocese one hundred twenty-three branches with a membership of 3,910 women—all working together on one program and for one purpose—the building of Christ's Kingdom. Last year our United Thank Offering, gathered from the little Blue Boxes that all of you see in your homes, amounted to \$4,768.51, and the total amount of money given by the Woman's Auxiliary was \$25,757.25. I feel that this is concrete evidence of the growing interest of the missionary spirit of the women and of what can be done by our Church if the members are given the necessary instruction, and inspiration.

Respectfully submitted,

NELLIE W. PINNER, *President.*

APPENDIX N.

REPORT OF THE BOARD OF MANAGERS, COMMUNITY HOUSES

To the Bishop and Council of the Diocese of Southern Virginia, Fiftieth Annual Council, St. Paul's Church, Suffolk, Virginia:

Gentlemen:

The work of the Community Houses in the Diocese of Southern Virginia during the year 1941 was conducted on very much the same scale as heretofore. Dabney House, with its hospital, and the Phoebe Anne House maintained regular work during the entire year. The work at St. John's House, Grub Hill, ceased in October, 1941, upon the retirement of Deaconess Heath Dudley.

Your Board would like to record here its deep appreciation of the splendid work done at St. John's House, Grub Hill, by Deaconess Heath Dudley. We shall never be able to put on record what her kindly ministrations meant to the people in that neighborhood. She was a "mother in Israel" to many of them in their hours of anxiety and need. Deaconess Dudley was a pioneer in the work at Grub Hill and by patient and devoted effort she labored well in the name of her Lord and His Church. We deeply regret that her health has forced her to give up the work. Our prayers go with her that her health may greatly improve and that she may find joy and peace in knowing "she hath done what she could."

Since the retirement of Deaconess Dudley the work at Grub Hill, for all practical purposes, has been closed. Your Board has given careful study to this work and has made a definite recommendation to the Bishop and the Executive Board of the Diocese with respect to it. The recommendation was made in a report on the valuation of the work of all of the Community Houses, made at the request of the Executive Board.

PROPERTY

During the year, with a grant from the United Thank Offering, from the New York office, we were able to refinish the floors in the hospital at Dabney House, paint the walls and woodwork, together with some minor repairs. Through the help of Mr. Henry Edmunds of Halifax we have been able to paint the exterior of the Phoebe Anne Community House, together with some repairs to the dwelling and the social room. No work was done on the interior of the dwelling, where some repairs and painting are badly needed. On the whole the physical property of the Community Houses is in very good condition.

EXCERPTS

From the annual reports of the workers the following excerpts may be of interest to the members of the Council. Deaconess Madeline Dunlap writes, "My objectives are: (1) to re-establish the Woman's Auxiliary, and to enrich their spiritual and educational programs. (2) to establish the national youth movement, U. M. C. Y., and to give our draft-age boys Christian courage; and to work toward the Church of tomorrow with the younger members. (3) to guide the Church School curriculum into Episcopal Church teachings. The loyalty, interest and support of the people in their Church prove the fine influence of Dabney House in the past twenty years. The people are capable of doing a great deal for themselves and others if stirred into activity. A few fine families carry the Church. Much work needs to be done to activate nominal members in the organizations. The people are responding favorably to the efforts of priest and deaconess."

Miss Mae Bonner, R. N., resident nurse in the Dabney House Hospital writes: "Dabney House Hospital now serves a large field in Pittsylvania and Halifax counties. We enjoy the cooperation and patronage of the public generally, as

well as the doctors who practice in this territory. Our maternity service is one of our greatest assets as mothers come from far and wide. We make every effort to teach the parents to care for their children to the best of their abilities. We care for any type of illness where there is no danger of transferring infection. Our clinics are well attended. Those able to pay are charged a small fee, others receive treatment and advice free."

Miss Annie Hankins of Phoebe Anne Community House writes: "The worker spends much of her time visiting, ministering to the sick and helping those in need, taking patients to clinics and doctors. The Community House is always open and cared for at all times by a church family who live in the dwelling. My work is not confined to the Mountain Road community. I have calls from all parts of the county and find many of these cases are people who are greatly in need of help and medical care. Some are baptized members of our Mission Church who have moved too far away to attend. We have a social gathering weekly for the people in the community with an average attendance of forty. The regular monthly meeting of the Woman's Auxiliary is held with almost 100% attendance at each meeting. During the year twelve children were baptized and one confirmed."

At the time these reports were sought from the workers Deaconess Dudley had retired and was ill in a hospital in Baltimore and could not make an annual report. Her monthly reports, to the time of her retirement, reveal the efforts of a zealous worker in ministering to the needs of children and adults in Amelia County. A detailed accounting of all property at St. John's House was made by the Deaconess and the balance in her account was turned over to this Board and is held by its treasurer, Mrs. I. T. VanPatten.

APPENDIX O.

REPORT OF THE COMMITTEE ON PAROCHIAL REPORTS

To the Fiftieth Annual Council, Diocese of Southern Virginia:

Gentlemen:

It will be remembered that March 1st is the dead line set by Council for parochial reports to be received at the Diocesan office. On March 1st of this year, 91 out of 137 reports were recorded. On April 1, 117 had been received. About half a dozen are still out. We have, however, prepared a summary of parochial statistics, as printed in the Council folder, which, we believe, presents a fairly accurate picture of Diocesan strength in 1941.

We are somewhat troubled by many inaccuracies in the parochial reports. A large percentage of these reports require revision at the Diocesan office. One treasurer, for instance, shows no payments in 1941 for Diocesan assessment or for Church's Program, although the Diocesan treasurer actually received over \$2,000.00 from this treasurer for these items during that period. Another treasurer reports no payments of premiums to the Church Pension Fund on the salary of his Rector, although the Church Pension Fund reports that such payments were received. In both cases, the parish treasurers show cash balances and their totals of receipts and disbursements for the year agree.

Several persons have complained that the form of the parochial report is too complicated for them to understand. A certified public accountant, who is a church treasurer, stated that the reports should certainly be simplified. We therefore offer the following recommendation:

That the question as to the form of parochial reports be referred to the Executive Board of the Diocese for their study and that the Executive Board be given power to act.

Respectfully submitted,

COMMITTEE ON PAROCHIAL REPORTS.

At present I am giving services each month to the following churches:

 St. James and Chrst Chapel, Boynton.
 All Saints, South Hill and Grace, Palmer Springs.
 St. James, Accomac and Emmanuel, Jenkins Bridge.

With the permission of the Bishop, I have cooperated with the vestries of our vacant parishes as far as possible, in their efforts to secure a resident clergyman.

It is a great satisfaction to realize that the churches so served have not been closed throughout the entire year.

Respectfully submitted,

NORMAN E. TAYLOR, *Archdeacon.*

APPENDIX R.

Mr. Chairman and Gentlemen:

I beg to submit herewith my report as Historiographer:

During the past year research on the Colonial churches of Virginia has been continued, resulting in the publication of three more articles in the series now appearing in the William and Mary Quarterly Historical Magazine, dealing with Elizabeth City, Warwick and Charles City Counties, with a supplementary article on the six earliest churches on the Eastern Shore. Although most of the fourteen counties already covered in this series are within our own Diocese, no attempt is being made to confine these articles to our own territory, and it is hoped that they may be extended to include all of Tidewater Virginia, in which the majority of the colonial churches were built. A total of 120 colonial churches have now been more or less completely described and located in these articles, and the possibility of their appearance in book form has been taken up with leading publishers.

The Historiographer will be grateful for any correspondence addressed to him by the clergy or laymen of the Diocese in regard to historical matters, whether colonial or of later date.

Respectfully submitted,

GEORGE CARRINGTON MASON,
Historiographer.

APPENDIX S.

REPORT OF THE YOUTH DIVISION

To the Fiftieth Annual Council of the Diocese of Southern Virginia:

I wish to submit the following report on the work of the Youth Division of the Diocese of Southern Virginia. The report is divided into three parts, namely: History; Organization; and Plans.

I—HISTORY

In April of 1941 a group of young people and clergymen of the Diocese met at Mr. Carter Harrison's shack for the purpose of discussing the work among the young people in the Diocese. One important point brought out in the meeting was that there were approximately 3,000 young people in the Diocese between the ages of 14 and 25, and of this number, a very small proportion were reached by the various organizations existing in the Diocese. It was decided that some all-inclusive organization should be started which would reach these 3,000 young people.

Plans were drawn up and a constitution proposed for the new organization. These plans were then submitted to the Board of Christian Education and the Bishop and were approved by both the Bishop and the Board.

At the meeting of the Council in 1941, these plans were presented as a part of the report of the Board of Christian Education.

Copies of the plans and constitution were made and were presented to the young people at the Chatham Hall Conference in June, 1941. An explanation of the plans was made at this time so as to acquaint the young people of the various Parishes with the idea and so that they could carry the idea back to their church for discussion before the Constitutional Convention.

II—ORGANIZATION

The organization was actually set up at the Constitutional Convention which met at Suffolk, November 8, 1941. The plan was presented and unanimously accepted as it was contained in the constitution by the representatives of over 50 congregations.

I have with the report a copy of the constitution as it was revised and adopted at the Suffolk Convention.

The purpose of the Youth Division as it is contained in the constitution is, "To coordinate and expand the activities of the young people of the Diocese and to implement loyalty to the Church as the Body of Christ through a personal commitment to a Rule of Life which includes Worship, Study and Action." I, also, have with this report a copy of the Rule of Life as it was adopted by the Youth Division and as it was prepared and distributed to the young people of the Diocese.

The objectives of the Youth Division are five in number:

1. To include in the youth program of the Diocese all young people.
2. To lead Church young people through the Parish, Diocese, and General Church to Jesus Christ.
3. Provide real and worthwhile projects and activities in the areas of Worship, Study, Fellowship, and Christian Action.
4. Conserve and extend the values of existing youth organization.
5. Secure widespread commitment to a Rule of Life as a means of giving clear and direct guidance in Christian living.

There were two main projects started for the Youth Division for the year. The first was that of building a nursery unit to the Dabney House Hospital. As yet, no definite action has been taken, but a special committee is working on the plans for the project.

The second project was that of establishing district organizations of the Youth Division in the Diocese. The districts have been formed and they follow the districts of the Woman's Auxiliary, *i. e.*, Eastern Shore; Norfolk; Petersburg; and Danville.

The Petersburg District has made an excellent start. They have held one meeting, elected officers for the District and started some plans.

Plans are practically completed for the Norfolk District meeting and the meeting will be held on May 22nd. The Eastern Shore and Danville Districts have not made any plans for District meetings.

III—PLANS

The plans for the Youth Division include the projects at Dabney House and the District organizations which have been previously mentioned. In addition to these, there are plans for the fall convention which will be held this year at St. Paul's, Newport News. The date has not been set, but the date and plans will be set up in the near future.

It has been just a little over a year since that meeting was held at Mr. Harrison's Shack and the Youth Division idea was started. It has been less than a year since the organization was actually set up, and, consequently, it is hard to say just how well the organization is working.

It is our hope and aim that the Youth Division will continue to grow, and and that through it and through the Rule of Life which is the core of the movement, the young people of this Diocese will be united in a forward movement.

Respectfully submitted,

S. GRAYSON CLARY, *President*
Youth Division, Diocese of Southern
Virginia.

APPENDIX T.

To the Council of the Diocese of Southern Virginia:

I beg to report that the last session of the Virginia Seminary has been a most successful one.

We have had seventy-five students from thirty-eight different Dioceses.

We have lost two students this winter who held reserve commissions in the Army, one a senior and one a middler.

We will have twenty-three men in the graduating class in the end of May.

We expect thirty-one men to enter in the new Junior Class. Our new session will open on June the ninth and run through the summer.

Respectfully submitted,

ALEXANDER C. ZABRISKIE, *Dean.*

APPENDIX U.

REPORT OF JACKSON-FEILD EPISCOPAL HOME

Report to Council May 12, 1942

OFFICERS

President—C. W. Grandy*Vice-President*—Geo. B. Townsend*Secretary*—James Mann*Treasurer*—W. C. Davis

At this home there are now 25 girls enjoying the privileges of a Christian environment while being trained for their life's work.

Of the fifteen members of the Board of Management, five are elected annually from nominees chosen by Council. While the Board decides the policies of the institution, the carrying out of these policies is directly guided by the Executive Committee, and is more specifically directed by Miss Edith M. Gage, the Superintendent and her assistants. Through the years Miss Gage has given unstintingly of her self and her talents and is looked up to as a real mother by her "children."

Again the Board invites the members of Council, their families and all in our Diocese to visit the Home and visualize at first hand what is being done to change life's direction and outlook for these girls who lacked the privilege of good environment.

In case of War emergency provision has been made for the care of a number of girls should it become necessary to evacuate them from the Tidewater area of Virginia.

Attached is the financial report of the Certified Public Accountant for the year ending December 11, 1941. Summarized it indicates that the \$9,407.00 income for the year was derived as follows:

Charges for partial support.....	\$ 4,378 00	.465%
Church's Program.....	2,700 00	.288%
Contributions, Woman's Auxiliary, etc.....	852 00	.090%
Income from investments.....	1,477 00	.157%
	<u>\$ 9,407 00</u>	<u>1.000%</u>

Average number girls during the year—25.

Average operating cost per girl—\$378.00.

Average operating cost per girl per day—\$1.03½.

Respectfully submitted,

C. W. GRANDY,

President Board of Managers.

(This Order of Business subject to the adopted report of Committee on the Dispatch of Business.)

III.—Order of Debate and Legislation.

Section 1. All resolutions or motions shall be reduced to writing, and read by the Secretary to the Council, before they shall be debated, and no resolution or motion shall be considered until seconded. This rule, so far as it requires a reduction to writing, shall not apply to motions to adjourn, to postpone, to lay on the table, to refer to a committee, or other like parliamentary motions.

Section 2. After a motion is stated by the President, or read by the Secretary, it shall be deemed in the possession of the Council, but may be withdrawn by the mover at any time before amendment or vote, with the consent of the second.

Section 3. No new motion or proposition shall be admitted under color of an amendment or substitute for the matter under consideration.

Section 4. If the question under debate contains several distinct propositions, the same shall be divided at the request of any member, and a vote taken separately; except that a motion to strike out and insert shall be indivisible.

Section 5. When a proposed amendment is under consideration, a motion to amend the same may be made, but no further amendment to such second amendment shall be in order; but a substitute to both amendments may be received, and if adopted, shall operate as an amendment to the original proposition.

Section 6. When a question is under consideration, no motion shall be received except to adjourn, to lay it upon the table, for the previous question, to postpone to a certain time, to postpone indefinitely, to commit it, to amend it or to substitute for amendments as in the last section, and motions for any of these purposes shall have precedence in the order herein named. If a motion to lay an amendment on the table be adopted, the matter before the Council shall be considered as if no such amendment had been offered.

Section 7. Motions to lay on the table and adjourn shall be decided without debate; and such motions shall always be in order, except while a member has the floor, or a vote on any question is being taken.

Section 8. The previous question shall only be put when demanded by a majority of those present. It shall be in this form: "Shall the main question now be put?" and, until decided, all debate, amendments, and other motions shall be out of order.

Section 9. When a question has been decided by the Council or postponed indefinitely, a motion to reconsider can only be made by one member and seconded by another who voted with the majority.

A motion to reconsider must be made the same day the vote is taken, or on the succeeding day.

Section 10. When a member desires to speak or present any matter to the Council, he shall rise from his seat and respectfully address himself to the President, and shall confine himself to the question under debate, avoiding all personalities.

Section 11. If any member trespasses the rule of the Council, the President shall, or any members may, call him to order, in which case the member so called to order shall immediately take his seat, unless permitted to explain, until the question of the order is decided by the President, when he may proceed in order as ruled by the President.

Section 12. All questions of order shall be decided by the Chair without debate, but any member may appeal from such decision, and on such appeal no member shall speak more than once without the permission of the Council.

Section 13. The names of the movers of all resolutions shall appear upon the Minutes of the Council.

Section 14. When two or more members rise at once, the President shall say who is entitled to the floor, and from his decision there shall be no appeal.

Section 15. The vote on any question shall be taken by ayes and noes whenever seven members require it, or by orders whenever such vote is demanded by five members, as required by the Constitution.

Section 16. Every member who may be in the house when the question is put shall give his vote, unless the Council, for special reasons, shall excuse him.

Section 17. No member shall vote upon a question in the decision of which he is immediately and personally interested.

Section 18. Upon a division and count no member shall be counted who is not within the limits assigned as seats of members.

Section 19. The reports of all committees shall be in writing, and all reports recommending or requiring any action or expression of opinion by the Council, shall be accompanied by the proper resolutions expressing the same for the consideration of the Council.

IV.—General Regulations.

Section 1. No member shall absent himself from the meetings of the Council without leave, unless he be sick or unable to attend.

Section 2. The President shall, at his discretion, select suitable seats without the limits of those allotted to the use of members, which shall be appropriated to the accommodation of visiting clergymen and candidates for orders who may be invited by the Rector or Wardens of the Church in which the Council is held, under the direction of the President and Council.

Section 3. No spectator shall, during the daily sessions of the Council, be admitted within the pews allotted to the Council; and the Rector and Wardens of the Church in which the Council is held are requested to see that this rule is enforced.

The Resolution was adopted and the report was received and referred to the Committee on Printing the Journal. The report and resolution are as follows:

To the Bishop and Members of the Fifty-First Council of the Diocese of Southern Virginia:

Gentlemen:

On September 17, 1941, the Bishop requested the Executive Board to take the following action:

(1) I hereby recommend that the Executive Board initiate a plan to secure an Episcopal Residence for the Diocese.

(2) I hereby recommend that the Executive Board take steps looking to the securing of permanent headquarters and offices for the Diocese.

The Board approved the Bishop's recommendations in principle and appointed the following committee to study the questions raised: The Rev. Geo. P. Gunn, the Rev. J. K. M. Lee, Mr. Geo. R. Humrickhouse.

Council of last year approved the action of the Executive Board.

Since the last meeting of Council, a separate Committee has been appointed by the Executive Board to look toward securing permanent headquarters and offices for the Diocese.

Your Committee on the Episcopal Residence has made a study of ways and means to secure an Episcopal Residence for the Diocese, if and when such action is thought necessary and approved by Council, and it respectfully presents the following report and Resolution:

Report:

Your Committee feels that it should take a far-sighted view of securing an Episcopal Residence at some future date. If and when the time comes when an Episcopal Residence shall be deemed necessary by Council, funds will have been made available for this purpose, or renting a house for use as an Episcopal Residence.

The following is taken from the auditor's report of the Books of the Treasurer of the Diocese:

An estimated value has been placed upon and there is, in the tentative balance sheet at this value, the Episcopal Residence Fund, \$6,964.36. A considerable amount of research was done by you and I have accepted the amount of cash and negotiable securities salvaged from the original fifteen thousand and odd dollars which was one-half of the sale price of the Episcopal Residence about

1920.....	\$2,716.53
Interest in above securities.....	77.50
Estate of E. P. Miner (Estimated).....	3,000.00
Excess of balance in Diocesan Expense Account above \$12,500.00.....	1,170.33
Total.....	\$6,964.36

Your Committee wishes to present the following Resolution for adoption:

Be It Resolved, That the Trustees of the funds of the Protestant Episcopal Church in the Diocese of Southern Virginia be, and they hereby are, directed to set up a separate account to be designated, "The Episcopal Residence Fund" in

which account shall be kept all funds and investments belonging to said fund, and any income derived from investments so held in said, "The Episcopal Residence Fund" shall be kept in said separate account and added to the principle amount thereof.

Be it further Resolved, That the Trustees are hereby authorized and directed to pay from said, "The Episcopal Residence Fund" any and all expenses necessary and incident to the holding or sale of any property held for the benefit of the said "The Episcopal Residence Fund."

Respectfully submitted,

The Episcopal Residence Committee,

GEO. P. GUNN,

J. K. M. LEE,

Your Committee begs to report for final disposition two proposed changes in the Constitution, both of which passed their first reading at the Council in Suffolk, May, 1942.

1. *Resolved*, That Article XIII of the Constitution be amended by striking out the word, "Register," and substituting the word, "Historiographer."

APPENDIX A.

REPORT OF THE BISHOP

In the name of the Father and of the Son and of the Holy Ghost. Amen.

To the Clergy and Laity of the Fifty-First Annual Council of the Diocese of Southern Virginia:

My brethren in the Church of Christ, it is with a certain satisfaction—not pride—that I make my annual address to the Council of Southern Virginia at the meeting of the Clergy and Laity of this Diocese, beginning another half century of independent life. Also humbly, but with a feeling of progress, I have just completed five years of my Episcopate. God's goodness is reverently and thankfully recognized in permitting me to keep every appointment, with only one postponed on account of indisposition, during these past five years. They have gone by so rapidly and pleasantly that it is difficult to realize the space of time. And the kindness and consideration of both Clergy and Laymen have made my work pleasant, not as a duty, but a great privilege. To all the people of the Diocese I tender my sincere and hearty thanks. During this past Council year, I have made more visits than any year of my Episcopate. As a rule the classes for confirmation have been smaller, with several very notable exceptions. During the five years I have made 557 visitations, confirmed more than 4,100 candidates.

The affairs of the Diocese will be shown by the several reports which will be presented to you. In these you will find the details of all the activities, as well as they can be represented by reports. Suffice for me to say, there is, in general, progress shown all along the line. One outstanding difficulty is the seeming indifference with which the Clergy and Parish officials treat the Parochial Reports. Very few, if any, come in complete. This places the burden on the Secretary of the Council of having to review and in many cases correct and complete the Reports from many and various sources. The distribution of this burden to the parish officers would cause it not to fall heavily on any one.

From these reports, however, we gather that progress has been made. Because of the severe pruning of the rolls of several churches, there is a slight loss in the number of communicants reported. Because of increases in many congregations, the net loss is small. The total of official acts shows an increase in every item. In the financial reports, there is an improvement in every department. The Church Program almost reached its goal during 1942. The total raised in the Diocese is in excess of \$390,000.00. One of the most encouraging items is the decrease in the aggregate of the indebtedness of the several congregations. This amounts now to only \$116,000.00, and when we recall that the property values reported from the churches is nearly four millions, we see that the total indebtedness is almost negligible.

One phase that continues to disturb all of us, is the continuous decrease in the number of officers and teachers in our Church Schools. This aspect may be partly due to insufficient reports. As a whole, however, our Church Schools are not abreast the times. We have a splendid constituency in our Church, men and women, who are well qualified to lead the young people of our communities, and yet many of our Church Schools are inadequately manned. Do you realize what an effective missionary agency a Church School can be? One of the saddest conditions in our life today is the lack of moral and spiritual teaching given to our young people. Our cities and countryside are teeming with people who have no Church affiliation. They have no aversion to a friendly approach, and many of them would respond. It is not within the province of a Christian to hold aloof and say that they are not worth the trouble and nothing can be done with them. They are our responsibility. They will be the citizens tomorrow. The problem presents the opportunity. Our young people are not difficult to lead, provided

there is the desire and ability to lead. We have the ability, and theoretically we have the desire. Can it not be made a practical act in the name of Christ and for his Kingdom?

With the assistance now given by the Department of Christian Education, aided by the Diocesan Director of Christian Education, there should be an advance along this very important line—an effort to reach the people of our Diocese, both old and young, and train them in the way of life. In these days of chaos and terrible uncertainty in every relation of life, and looking forward to the time when there will be, we hope, a more comprehensive view of world relations, there is nothing more important before the Church and before the nation than to give the coming generation a background of life that will enable them to meet the situation with lives based on moral principles and spiritual vision. Only a generation with faith in God and a conception of human brotherhood can cope with the awful conditions of the coming years, and bring to pass an approximation of the Kingdom of God.

There have been a number of changes in the Diocese during the year. Five clergymen have gone to work in other Dioceses and five have been received into this Diocese. We were loath to give up our men. Among them the Rev. M. D. Ashbury who had served all his ministry in this Diocese until his leaving for the Diocese of Southwestern Virginia, and the Rev. Leon Laylor who has taken work in the Diocese of Virginia. Mr. Ashbury was most useful, not only in his parish, but in the work of the Diocese. We will miss him for a long time. Mr. Laylor was recently ordained to the Priesthood and we reluctantly transferred him. We welcome the Rev. Francis A. Gray to Lynnhaven Parish; the Rev. Julien Gunn to Grace Church, Newport News; the Rev. O. Worth May to Farmville; the Rev. deSassure P. Moore to Dinwiddie County and Petersburg. In addition to these, we have one Priest and five Deacons by ordination. The Rev. E. D. Alston has been ordained deacon and priest since last Council and is now in charge of the Colored work in Greensville County. The Rev. Alfred L. Alley, deacon, is assisting the Rector of Bruton and York Hampton Parishes; the Rev. E. Bolling Robertson is in charge of six churches in Mecklenburg County; the Rev. Morton Townsend has the churches in Amelia and Powhatan Counties and the Rev. Paul Kratzig is in charge of St. Andrew's, Hilton Village. We hope and pray for these young men a long, successful and happy ministry in the service of our Master.

With the additions to our staff, we have few vacancies in the Diocese. Nine clergymen from this Diocese are in military service, one more having recently lost his life in England.

With twelve postulants and two candidates, we have hopes of filling the ranks of our clergy in the years ahead. With three more clergy for white churches and two for the Colored Convocation we would have our churches fully manned.

The work of the Social Service Department remains as heretofore. The two institutions, the Boys' Home at Covington and the Jackson-Feild Home, are in splendid conditions and are functioning most satisfactorily. These, of course, are incorporated but are controlled by the Church. The Community Houses are being operated as usual, except St. John's, Grub Hill. No worker has been secured for this place as yet, but the Rev. Morton Townsend is holding regular services in the Church, and the wisdom of this, and the results of his efforts are manifested in a class of eleven recently confirmed there. The workers at Phoebe Anne and Dabney are carrying on as usual and the Community House at Clarkton is cared for by the members of the Church there.

The Robert Hunt Camp has been closed for the duration. This decision on the part of the Board seemed necessary because of several very serious impediments. Negotiations are now in process to let it to certain Navy persons as a Navy Officers' Club. This will serve two purposes—it will preserve the property and also be a small contribution to the war effort.

In the Church at large there are many questions that deserve consideration. All of these cannot even be enumerated. The support of the fund for Aid to British Missions appeals to the people of Virginia, especially in this Diocese, the oldest part of the Anglican Communion in this country, and our contributions to

the fund for this cause is a token of our relationship to the Church of England and affords a tie that binds the English speaking people of the world into a closer bond, both in religious and political spheres.

In this Diocese, as in many others, we are confronted with the problem of ministering to many thousands who are brought into our midst by the great emergency of the war. We have large numbers, running into the hundreds of thousands, both civilians and men in the armed forces. The government is providing Chaplains to care for the men in service and many of our churches through the rectors and people are doing whatever is possible to aid in work among the men of the Navy and Army. To further this work the Army and Navy Commission of the Church is lending every aid possible to care for the religious needs of these men. Through the help of this Commission we are able to have one of our clergy give his whole time as a civilian liaison chaplain. The Rev. John F. Ward of Ascension Church, Norfolk, is on leave of absence from his church for a period to act as such a chaplain to aid in every way possible to coordinate the work of our Church in this Diocese with the religious work among the men of our armed forces. The rectors and congregations are doing all that is possible to keep in touch with the service men. The success of their work is attested by the number of men in service who have been presented for confirmation. The great need now is to effect some sort of contacts with the large number of civilian defense workers, especially in the Hampton Roads area. This is most difficult because our clergy are already crowded by the somewhat abnormal conditions in their parishes, and such a large number of our clergy from all parts of the Church are chaplains in the armed forces that it is next to impossible to secure further assistance. We can only call on our people to give more time and attention to this phase of work to help the great number of people who are temporarily amongst us. Just what can be done, is not easily foreseen, but certain it is that many conscientious members of the laity can give of their time and talent to bring many of these people, especially those of our Church, to the services and the young people into our Church Schools and youth organization. This is a challenge and an opportunity presented under very difficult circumstances.

The General Convention meets this fall in the shortest session for many years. It would not be wise to go into the details of questions that will come before the Convention. Suffice to say, that this Council will elect deputies qualified to represent the Diocese. The deputies should be informed in regard to the matters coming before the Convention and try to reach a united decision in order to vote solidly. The reports of the more important Committees will be available for study prior to the Convention. These should be studied and thoroughly comprehended, that brief and intelligent discussion and action can be effected.

The proposed canon on Marriage and the approach to unity with the Presbyterians are emphatically important. In our prayer for the unity of God's people, we pray "Give us grace seriously to lay to heart the great dangers we are in by our unhappy divisions." This should at the very least be a starting point. The coordinating of the work of all people who believe in Jesus Christ as the Savior of the World, would bring to pass a condition "devoutly to be wished." It is only by the recognition of a mutual belief in and consecration to Jesus Christ, that the world can be won to Him and men everywhere know Him as the "Lord of Lords and King of Kings." Just what form this unity of purpose on the part of all Christians should take to bring the best results is not a decision than can be hastily or carelessly arrived at. But certain it is we can study the question and arrive at some conclusion that brings within the purview of Christian fellowship all who acknowledge the Almighty God the Father the Son and the Holy Ghost. To this end we should work and without the intermediary of human prejudices.

The Canon on Marriage, which is perennially before us, will probably entail the usual discussion. This will afford many ideas as well as great difficulties. Certain it is that one of the most flagrant and sordid conditions facing us in this country is the increasing number of divorces among all types of people. This gives us much concern and I would advise a careful study of the proposed Canon and a candid discussion with the deputation from this Diocese.

We are still in the midst of the most ruthless and far-reaching war the world has ever faced. To quote from a recent speech "What is needed now is some one endowed with the vision and wisdom of a Jefferson to draft a ringing indictment that will be heard around the world against the arch criminals who have seized the governments of Germany, Italy and Japan and are ruthlessly stamping out 'life, liberty and pursuit of happiness' in vast sections of the earth."

We, as Christians should be committed to a purpose. That purpose should be first of all to stamp out the forces of evil—of Anti-Christ, and then to give the war wearied peoples of the world to understand that we stand for democracy versus totalitarianism—that we purpose making it possible for them to shake off their cruel masters and enable them to walk erect and live their lives and fashion them as free men and women—to make the world conform as far as possible to the truth that will give them life more abundantly. May God give us grace to serve Him in our time and generation through Jesus Christ our Lord. Amen.

NECROLOGY

During the Council year, May 12, 1942 to May 11, 1943, the Church has lost by death the following:

The Rt. Rev. Peter Trimble Rowe, D.D., Missionary Bishop of Alaska, died June 1, 1942.

The Rt. Rev. Samuel Gravitt, D.D., retired Suffragan Bishop of Massachusetts, died June 20, 1942.

The Rt. Rev. William Mercer Green, D.D., Bishop of Mississippi, died November 12, 1942.

The Rt. Rev. William Theodotus Capers, D.D., Bishop of Western Texas, died April 3, 1943.

The one death among the clergy of the Diocese during the Council year was that of the Rev. William Byrd Lee Milton, who lost his life while on active duty with a Ferry Command in England the latter part of February, 1943. He was the first Alumnus of the Virginia Seminary to lose his life in the present war.

Lee Milton, as he was affectionately called by all who knew him, was born in Baltimore August 17, 1907, was educated in high school in Richmond, the Virginia Military Institute and the Virginia Theological Seminary. He was ordained Deacon June 11, 1933 and Priest December 21, 1933. He served churches in Lancaster County, Diocese of Virginia, and was rector of St. John's, Hopewell and Merchants Hope Church in the Diocese of Southern Virginia. He was connected with this Diocese at the time of his death. His energy and consecrated efforts made effective his ministry. Under him St. John's Church, Hopewell, was built up and became independent.

Much beloved and honored, his untimely death is a severe loss, not only to those who were near to him, but to the Church, in which he would have found a fruitful field for his talents and consecrated life.

"Grant, O Lord, that he may go from strength to strength in the life of perfect service in thy Heavenly Kingdom."

REPORT OF THE EXECUTIVE BOARD
TO THE 51ST ANNUAL COUNCIL
OF THE
DIOCESE OF SOUTHERN VIRGINIA

Gentlemen:

The Diocesan Executive Board met June 30th and October 12th in 1942 and January 22nd and April 27th in 1943. Bishop Brown was present and presided at all meetings. The attendance record of elected members for the four meetings was 84 per cent. At the January, 1943, meeting the resignation of Mr. C. G. Milham was received and accepted with regret. An invitation was extended to the Diocesan President of the Woman's Auxiliary to attend meetings of the Board. Mrs. E. B. Lewis, president, was present at the January, 1943, meeting.

At each meeting the Bishop reviewed conditions throughout the Diocese.

For the sake of convenience the work of the Board is reported herein under Department headings.

DEPARTMENT OF FINANCE

At all meetings reports of the treasurer of the Diocese, the Church's Program, the Diocesan Board of Missions, the Diocesan Office Accounts and the Community House Account, were received and ordered filed. At the May, 1943, meeting the audit of Mr. Monroe Nash, C. P. A., covering the aforementioned accounts was received and the audit of Frederick B. Hill & Co. for the Trustees of the Diocesan Funds was inspected.

With reference to the suggestion that the Board act as a Board of Review for churches failing to pay their diocesan assessments, the Bishop was asked to write a letter to the vestries of such churches. It was also suggested that the Bishop, if he so chooses, might make statements to congregations, at the time of his visitations, with reference to their payments to the Diocese and the Church's Program. At the October, 1942, meeting the diocesan office was directed to mail a copy of the 1942 Council Resolutions relative to unpaid assessments to the Rector and the Register of each delinquent church. At the same meeting the treasurer of the Diocese was directed to turn over to the Trustees of the Diocesan Funds, under the Episcopal Residence Account, any surplus over and above \$12,500.00, should any such surplus be available in the operating accounts of the Diocese at the close of the fiscal year, 1942.

A request was sent to the Trustees of the Diocesan Funds that in view of the volume of work done in the office through their Secretary-Treasurer, the amount paid into the office accounts by the Trustees be increased from \$60.00 to \$150.00. This request was granted by the Trustees, effective January 1, 1943.

At the May, 1943, meeting, the Board received word from the Executive Committee of Camp Robert Hunt, Inc., that because the Camp is not now being operated, the amount paid by Camp Robert Hunt, Inc., to the diocesan office will be reduced from \$300.00 to \$50.00 per annum.

In January, 1943, the Board, having obtained an expectancy of total pledges to the Church's Program for 1943 from the churches of the Diocese in the total amount of \$41,628.82, made the following Program allocations for 1943:

Diocesan Board of Missions.....	\$ 9,215 00
Diocesan Colored Missions.....	5,800 00
General Church Missions.....	13,000 00
Boys' Home, Inc.....	2,700 00
Jackson-Feild Home.....	2,500 00
Community Houses.....	1,800 00

Department of Christian Education.....	\$ 2,000 00
Field Department.....	300 00
Publicity Department.....	300 00
College work at Farmville and Williamsburg.....	500 00
The diocesan office.....	1,000 00
Salary of the Treasurer.....	800 00
Contingent items.....	85 00
Total.....	\$40,000 00

At the same meeting a budget of \$2,371.52 was adopted for the work of the diocesan office in 1943, the income being derived from Diocesan Expense Account, Church Program and other sources.

FIELD DEPARTMENT

June, 1942. Received a report from the Field Department covering activities up to date. The Board recommended that the Field Department secure from Mr. George Carrington Mason, historiographer, whatever lantern slides he may be able to furnish which might be of value in the promotional work of the Church's Program, the Board to provide the cost.

October 12, 1942. The Board expressed their appreciation of the valuable services rendered to the Diocese through the Field Department by the Rev. George P. Gunn, retiring Chairman.

January, 1943. The Board decided to reorganize, through the Bishop, the Field Department in order to make preparations before the next meeting of Council for the 1944 Program.

May, 1943. Received from the Bishop notice of the appointment of the Rev. Norvelle E. Wicker as chairman of the Field Department. Mr. Wicker reported progress in organizing the Field Department and in the preparation of an Asking Budget for the 1944 Church's Program. The Field Department was requested to make a report to Council.

THE DIOCESAN BOARD OF MISSIONS

October, 1942. Having been informed by the treasurer that there is a steadily growing balance, now approximately \$1,750.00, belonging to the Diocese under the will of the late Mrs. Loulie Taylor Letcher to be used for "building churches in Southern Virginia", the Board authorized the Bishop to confer with the Chancellor to ascertain what might be the most liberal interpretation of this clause in Mrs. Letcher's will with the suggestion that such interpretation might include the payment of indebtedness arising from the building of churches, the providing of equipment and similar matters.

January, 1943. Based on the expectancy of \$9,215.00 from the 1943 Church's Program allowance, plus \$6,200.00 balance from 1942 accounts plus an estimated \$2,500.00 to be derived from other sources, the Board made a budget for the work of the Diocesan Board of Missions for 1943 in the amount of \$17,979.29. The itemized budget is on file in the diocesan office.

DEPARTMENT OF CHRISTIAN SOCIAL SERVICE

January, 1943. The Rev. N. E. Wicker, Chairman, reported for this Department and for the Council Committee on Diocesan Community Houses, calling attention to a previous report to the Board in which certain recommendations were made as to a future policy for Community House work. The Board directed the Secretary to make a record of this reference and to keep it available for future use.

DEPARTMENT OF CHRISTIAN EDUCATION

The Rev. Moultrie Guerry, Chairman, reported at the October, 1942, meeting with special reference to the employment of Miss Maude Cutler as Diocesan

Director. In the discussion of this report it was brought out that the \$500.00 appropriated by Council for College work at Farmville and Williamsburg is not to be included in the \$1,500.00 allotment made by this Board in 1942 from Program accounts. The treasurer of the Church's Program was directed to pay the sum of \$500.00 from the 1941 Church's Program balance to the treasurer of the Department of Christian Education.

January, 1943. The Rev. Mr. Guerry, Chairman, made an oral report and presented the financial statement of his Department for the fiscal year 1942. Mr. Guerry called attention to the expanding work of this Department.

DEPARTMENT OF PUBLICITY

January, 1942. The Rev. Geo. P. Gunn, Chairman, reported orally stating that he would like to have the names of key people in the Diocese who would receive and publish in their local papers matters of interest which may be provided for them by the Department.

October, 1942. Disappointed by the small number of subscriptions to the Jamestown Churchman, the Board adopted the following Resolution, That the Executive Board, recognizing the great importance of the Jamestown Churchman to the welfare and advancement of the Diocese and that it has not reached the circulation volume that it should have, appeals to all parishes and congregations in the Diocese to work towards an increased circulation to the extent of 2,500 subscribers through the Publicity Department of this Board.

OTHER MATTERS

January, 1943. The treasurer reported his ideas as to the present financial status of the Episcopal Residence Fund and asked for a committee from the Board to check over his figures. The request was granted and the Chair appointed Mr. C. W. Grandy and the Rev. J. K. M. Lee with Mr. Monroe Nash, C. P. A., acting in an advisory capacity. At the May meeting the sum of \$6,964.36 as reported by the treasurer was accepted.

January, 1943. In view of the action taken on the report of the Council Committee relating to a Memorial to the late Alfred Magill Randolph, referred to below, the Board relieved the Committee on Episcopal Residence and Diocesan Headquarters from further consideration of the subject of diocesan headquarters.

January, 1943. A report was received from the Rev. Dr. E. R. Carter, Chairman of the Council Committee appointed to take under advisement the establishment of a Memorial to the late Bishop Alfred Magill Randolph. This report favored such a Memorial, to take the form of a diocesan house and recommended that the Executive Board take immediate steps as to locating and financing such a Memorial. The Board adopted the recommendation and appointed a committee consisting of Mr. C. W. Granby, Col. James Mann and Mrs. Frank W. Darling, to carry out the provisions of the recommendation as adopted.

January, 1943. The Ven. B. W. Harris presented his report as treasurer of the Colored Convocation for the fiscal year 1942. The report was received with appreciation and the following Resolution was adopted. That through the Bishop and the Executive Secretary a communication be sent to the Executive Committee of the Colored Convocation, expressing the appreciation of this Board as to the manner in which the Executive Committee and the churches of the Colored Convocation are handling their finances; that the Executive Board hopes that the Executive Committee will raise the salary of Archdeacon Harris to \$2,400.00 with residence, together with salary increases to all the clergy of the Colored Convocation and furthermore, if necessary to secure these salary increases, the Diocesan Executive Board will take under consideration additional appropriations to provide for our Colored work.

It was reported to the May, 1943, meeting that St. James', Portsmouth, had raised their share of the debt on their church to the American Church Building Fund. The Board thereupon arranged to pay the sum of \$733.21 to the Building

Fund Commission which pays the share of the Diocese, under agreement, in full, and saves \$61.00 interest charges.

In October and January, the Rev. C. W. Sydnor, Chairman, reported for the the Army and Navy Commission and that plans were being completed for the appointment of a liaison Chaplain to serve the various military camps and training centers in Southern Virginia.

Mr. Sydnor also referred to the work of the Committee on War Industry areas, stating that each area will be divided into sections with a clergyman from one denomination or another in charge of each section and that for some one section in the Norfolk-Portsmouth area an Episcopal clergyman might be secured through the National Council and that an underwriting to the extent of \$1,500.00 would be necessary in order to begin the undertaking. The Board agreed to underwrite this project to the extent of \$1,500.00 to be derived if necessary from the balance carried forward from the Church's Program for 1942. The matter was referred to the Bishop, to work out details in consultation with the Rev. Mr. Sydnor and other interested persons.

October, 1942. Received from Mr. C. W. Grandy a communication with reference to the Joint Laymen's Commission on Missions of the Diocese of Virginia and Southern Virginia, which Commission no longer exists. Mr. Grandy had on hand the sum of \$477.84, representing Southern Virginia's share in the amount left over from the work of this Commission and asked for advice as to its use. The Board recommended that this sum be turned over to the Bishop to be used by him for the establishment of a Diocesan Prayer Book and Hymnal Fund in Southern Virginia.

May, 1943. Recommended that the Bishop ask the churches of the Diocese to make contributions to the operating expenses of the Virginia Theological Seminary.

Nominated the Rev. John Fletcher Ward to Council for election to the Board of Managers of the Diocesan Community Houses, his term of office to expire May, 1948.

In connection with this report, the Board presents as separate items all financial statements for the fiscal year 1942 and the report of the Finance Committee for 1943.

Respectfully submitted,

THE EXECUTIVE BOARD.

APPENDIX H.

REPORT OF DIOCESAN FIELD DEPARTMENT

To the Bishop and Council of the Diocese of Southern Virginia, Fifty-First Annual Council, St. Paul's Church, Petersburg, Virginia:

Gentlemen:

The Diocesan Field Department has just been recently reorganized and the personnel has scarcely had time to get the feel of their assignment in this important part of the Church's work. We have had one meeting and have considered such matters as properly belong to this department. We ask that the Council be patient with us and help us with a hearty support of the Church's Program at all time.

The Field Department is now made up of the following membership: Mrs. E. B. Lewis, President of the Woman's Auxiliary; the Venerable Norman E. Taylor, Archdeacon; the Venerable B. W. Harris, Archdeacon of the Colored Convocation; the Rev. Dr. Taylor Willis; the Rev. S. J. Hutton; Messrs. Archer LeB. Jones, Spooner Epes, John Patterson, and the Chairman, the Rev. Norvell E. Wicker.

Your Field Department is beginning its work on a very firm and solid foundation laid by the previous membership of this department, with its efficient and devoted chairman, the Rev. George P. Gunn.

After consultation with the Bishop and the Executive Board of the Diocese and by resolution of the Executive Board we submit a budget for the Church's Program, which does not exceed the budget of 1943. You will note some few changes in the items of the budget as compared with that of 1943, notably an increase in the appropriation to the Colored Convocation, a reduction in the Community House item, and an increase to the Department of Christian Education.

As rapidly as the Department can do so the means and methods of getting this program before the Diocese will be put into effect. We shall need your help and earnestly ask that you be prepared to give it when the department begins its promotional work. We shall keep in constant communication with the clergy and ask that you and your Vestries begin at once to make your plans for the Fall Canvass by appointing a Chairman of the Every-Member-Canvass in every church in the Diocese and notify the Chairman of this Department of the name and address of that officer. We strongly urge that every organized group in each church be called together and be given thorough instruction in the work of the beneficiaries of the Church's Program.

Your Department is proposing Regional Vestry meetings in various parts of the Diocese when vestries from some ten or more churches will be asked to come together to give thoughtful consideration to this work. You will shortly be advised of the details of this plan.

The presiding Bishop and National Council propose to give a report on the Church's Work at Home and Abroad immediately after General Convention. At the expense of the National Council representatives of the National Church will be sent to any Diocese or Convocation to give this report in person. Three or four of these meetings can be arranged in this Diocese and your Department feels they will be of great interest to the people in the Church. We hope you will feel the worthwhileness of this effort and give us hearty support in it.

For some time past an intensive effort has been made through the Department of Promotion of the National Council to bring about a united effort in the Every-Member-Canvass among all churches in a given community. Our clergy are being asked to investigate the possibilities of the Episcopal and other churches putting on their Canvass at the same time in one concerted effort. More than 300 communities had a United Canvass last fall and have reported good results. Your Chairman has proposed the idea in his community and found it favorably

received by several of the leading denominations. The National Council has suggested the time for the Canvass between November 14 and December 5. Your Department suggests the same dates where feasible. We hope you will, in your respective communities, see if it is possible this fall to have several or all of the churches have their canvasses at the same time. Those in the larger cities might work with neighborhood churches. Your Department feels there will be some advantage in a concerted effort of this kind. This matter was called to our attention in a foot-note to the report of the Field Department at the last Council. We commend it to you and ask that you give it serious attention.

Your Field Department proposes to arrange for opportunity for any church in the Diocese to discuss with representatives of the Department the readjustment up or down of the Asking of that church. We ask that you do not attempt to make any readjustment at this meeting of Council, but at a later date communicate with the Chairman of the Field Department.

We earnestly ask that you understand that the Church's Program is a voluntary means of doing missionary work by every member of every church in this Diocese. The membership of the Church will have this opportunity only as the several vestries of the Diocese diligently promote the Church's Program in their parishes. Clergy and laity alike share this responsibility.

Attached herewith is a copy of the Budget Proposed and the Asking Budget for 1944. Your Department recommends the approval of these two Budgets.

Respectfully submitted,

NORVELL E. WICKER, *Chairman.*

APPENDIX I.

REPORT OF THE ARCHDEACON FOR COLORED WORK FOR YEAR 1942

To the Rt. Rev. Wm. A. Brown, D.D., Bishop of the Diocese of Southern Virginia and the members of the Council:

It is a pleasure for me to report another year of very successful work in spite of some difficulties. I think it is safe to say that our congregations have been in a most healthy state, both spiritually as well as financially, and I am very well pleased with the work of our clergymen on the field.

PROGRAM AND ASSESSMENTS

Program: Our Askings for 1942 were \$1,212, the churches subscribed \$1,133 and actually paid \$1,153.75. Five churches overpaid their Asking, four paid their subscription, but not the Asking and only two failed to pay their subscription. This is our best record to date and our people are to be commended.

For 1943 our Askings remain approximately the same and with the help of the Rev. Mr. Harris, Warden at the Bishop Payne Divinity School, I visited most of the churches during the fall and placed the matter before the congregations and vestries with the result that the pledges amount to \$1,178 on an Asking of \$1,214 and I feel confident that the full amount will be paid without any difficulty. More and more our churches are coming to appreciate their responsibilities to the Diocese and are assuming the obligations which rightfully belong to them.

Assessment: The Diocesan Expense Account was for the first time paid in full, a record of which all of us are indeed proud.

THE FIELD

We have had some necessary changes in the clergy assignments on the field during the year. On account of the retirement of the Rev. C. E. Green during the year, the Rev. E. Deedom Alston, who was graduated from the Bishop Payne Divinity School last May, was ordained deacon by Bishop Brown on June 25th and Priest on February 24th this year, and placed in charge of St. James', Emporia; St. Thomas', Freeman; and Grace, Diamond Grove. We are very well pleased with Mr. Alston's work and at Emporia the congregation's budget has already been almost doubled. During the year this church was consecrated by Bishop Brown, it being free of debt.

During the year Rev. Fergus M. Fulford resigned the work at St. James', Lunenburg; St. Luke's, Kenbridge; Christ Church, Halifax, and St. Philip's, Dillards. We were very fortunate to secure the services of Mr. Granville V. Peaks, a student at the Bishop Payne Divinity School, from the Diocese of Mississippi, and he has been serving these churches, with the exception of St. Philip's, Dillards, with great credit. Mr. Peaks has since been transferred to this Diocese so that we will now have his services continuously.

St. Cyprian's, Hampton: On the first of the year St. Cyprian's, Hampton, the Rev. Chas. H. Dukes, rector, became a self-supporting congregation. The salary of the rector was increased and although we still make an appropriation for the rector's work at St. Augustine's, Newport News, no part is made on account of the work at Hampton. We are most happy that this congregation has taken this forward step and the rector and his people are to be congratulated.

St. Augustine's, Newport News: During the month of July we were able to secure a gift of \$400 from the American Church Building Fund Commission to complete all obligations on account of the remodelling of this church. The work has been completed and on November 30th Bishop Brown consecrated the church. We are deeply grateful to Bishop Brown and the Rev. J. K. M. Lee for their deep interest and assistance given in this undertaking.

St. Stephen's, Petersburg: On March 1, 1942, the Rev. Wm. D. Turner became the rector of St. Stephen's Church, coming to us from St. Stephen's, Savannah. Mr. Turner has done a very excellent work since coming to us and we feel confident that this congregation is on the way to a bright future.

St. James', Warfield: On my visit to this church in November I found that under the leadership of their rector, Dr. Russell, this congregation had already raised in cash its total budget for 1943. This is most exceptional and I think both the rector and people are to be highly commended.

St. James', Portsmouth: On March 24th of this year, we are sorry to report, the Rev. Mr. Birchett, rector of St. James', Portsmouth, suffered a severe stroke and has been incapacitated since that time. We hope he is improving. At the time this congregation was in the midst of a special effort to raise the necessary \$1,400 to clear their indebtedness. Instead of being discouraged they worked with renewed vigor and determination and on Easter Day their offering was around \$1,800. Bishop Brown and the Diocese came to the rescue with an advanced payment of \$733.21 which represented the Diocese's share of the total obligation and on April 29th the obligation was paid in full. Both Mr. Birchett and the people of St. James' are to be congratulated on this accomplishment and all of us are most grateful to the Bishop and the Diocese for their generous assistance.

Grace Church, Norfolk, had been carrying an obligation from their remodeling program in 1928 which set \$7,000 and at Easter the balance of \$540 then outstanding was paid.

All our churches are now free of debt and I do not think that any of them have even any floating obligations and I am happy indeed to report this state of affairs, to the Council.

Repairs: During the year we have assisted, and again with Bishop Brown's help, the repairs of Epiphany, Blackstone; St. James', Lunenburg, and St. John's, Forksville. So that on the whole, our property is in good condition.

THE CLERGY

I am glad to report that in each case all that part of the salaries of our clergy paid by their congregation for 1942 have been paid in full together with their pension premiums. Realizing that our salary scale was rather low in these times, I promised the clergy that for every dollar they succeeded in getting their congregations to increase their salaries for 1943, up to \$1,500, I would undertake to get the Executive Committee to increase by a like amount. The result was that all our clergy secured moderate increases in their salaries from their congregations which our Executive Committee matched in each case and now the salaries of our clergy range from \$1,200 upwards. We still hope to be able to make an additional increase this year.

On account of the fact that the Rev. Lloyd M. Alexander who had our work in Mecklenburg County has gone into the Army as Chaplain and the Rev. Mr. Birchett's illness, we have been using seniors from the Divinity School as well as the Warden, Mr. Harris, and Mr. Davis, another Professor, to keep the services going in our churches. We are most grateful to all of them for their invaluable assistance. We are undertaking to secure Mr. Turner Morris, a senior at the Divinity School from the Diocese of Mississippi, and if successful we will be in a position to staff all our work.

May I close this report with a word of my very deep appreciation, first to Bishop Brown whose magnanimity and sympathetic support and cooperation made the making of a decision to leave this work most difficult. I could not have asked nor expected more; to Archdeacon Taylor who has been a most helpful adviser and friend; to all of our clergy whose loyalty and devotion to the cause of Christ have made my work a joy, and to our people whose love I have enjoyed and whom to serve was a pleasant and joyous task. The call to the service of the cause of Christ's Church in the larger field was so compelling and God's will so clearly revealed that I could not but answer as a "soldier of Christ Jesus."

Very respectfully submitted,

B. W. HARRIS.

REPORT OF THE COMMITTEE ON THE STATUS OF
CHURCHES IN SOUTHERN VIRGINIA

To the 51st Annual Council:

The Committee appointed to report on the status of the congregations within the Diocese (see 1942 Journal, Page 32) begs leave to report as follows:

We desire to retain the Parish lines as heretofore established and have no inclination to disturb them, for historical and sentimental reasons. However the changes that have taken place by legislation and without legislation, have left the status of many of the congregations in the Diocese in great uncertainty and even in utter obscurity. In order that the status of each congregation be definite, without injustice to any of the churches, and to clarify the relation to the Council and the voting on serious questions that arise, we recommend that every congregation in the Diocese be classed as in one of the seven following:

Parish Church,
Separate Congregation,
Organized Mission,
Unorganized Mission,
Parochial Mission,
School Chapel,
Dormant Church (Building).

And to this end we recommend the following classification for each of the congregations, within the Diocese, with the understanding that each Parish Church votes as the Parish and the Separate Congregations and Organized Missions as provided in the Constitution and Canons of the Diocese of Southern Virginia.

It is understood that this resolution does not prohibit the readjustment and reclassification of any congregation by conference with the Committee and representatives from the congregations concerned.

REPORT OF THE COMMITTEE ON THE CHURCH PENSION FUND

*Mr. Chairman:**Gentlemen:*

We beg to report that all clergymen in this Diocese are paid up in full, as regards Pensions assessable against churches in the Diocese. We are happy to report that no clergyman in the Diocese is receiving less than \$1,200.00, the minimum prescribed by the Church Pension Fund; there are no personal assessments in Southern Virginia. There is one clergyman now working in the Diocese whose record has discrepancies outside the Diocese. Appended is a list of beneficiaries.

Respectfully submitted,

J. KEITH M. LEE, *Chairman.*

APPENDIX L.

REPORT OF THE WOMAN'S AUXILIARY FOR THE DIOCESAN COUNCIL

My term as President of the Woman's Auxiliary began January, 1943. Shortly before this I attended the Provincial Synod in Baltimore. Since the first of the year I have presided at our Executive Board meeting last February. I was given the privilege and the pleasure of "sitting in" at the all-day meeting of the Diocesan Executive Board meeting, which gave me a keen insight into the immensity of the work that our Bishop, our clergy and our laymen are doing in the Diocese. I have visited and spoken at seven Branch meetings, and have recently returned from attending and speaking at each of the four spring District meetings throughout the Diocese.

The Woman's Auxiliary has 112 branches, 4,115 members; 17 of our churches in isolated districts have no branch. Knowing that these trying days are not favorable for traveling, I almost hesitate to appeal to the clergy to help me organize branches in these churches. Should the rectors think it possible, I will do the best I can.

The following financial report covers the last year of my able predecessor, Mrs. Henry McRae Pinner:

Total disbursements last year.....	\$21,071 91
(This does not include our United Thank Offering of \$5,541.09).	
Jackson-Feild Home.....	1,457 22
Boys' Home, Covington.....	248 00
Dabney House and Hospital.....	691 50
Other Community Houses.....	281 30
Hudson Stuck Memorial Hospital, Ft. Yukon, A.....	262 00
Bishop Payne Divinity School.....	156 00
Scholarships, Summer Schools of Religious Education, Chatham, and St. Paul's, Lawrenceville.....	150 00
Supply Work.....	283 50
Aid to British Missions.....	80 00
To Latin-America.....	75 00
To China.....	691 06

(300.00 of this is for work of our own Drs. Claude Lee, Harry B. Taylor, and Tucker.)

As an Auxiliary we do not subscribe to the Church's Program, but give it publicity. What we give to Missions helps the Program financially.

A program on Evangelism is required in order that a branch rate 100% on our Standard Chart for grading branches.

Respectfully submitted,

FLORA A. LEWIS, *President.*

APPENDIX M.

REPORT OF THE BOARD OF MANAGERS, COMMUNITY HOUSES

To the Bishop and Council of the Diocese of Southern Virginia, Fifty-First Annual Council, St. Paul's Church, Petersburg, Virginia:

Gentlemen:

During the past year the work of your Community Houses has been confined to Dabney House and Hospital in Pittsylvania County and the Phoebe Anne House in Halifax County. There have been no unusual developments in the work at either center. There have been no serious problems to claim the attention of your Board. One routine meeting of the Board has been held since the last meeting of Council. Routine work has been maintained at both centers with faithful and regularity.

ST. JOHN'S HOUSE—GRUB HILL

Since October, 1941, no organized work has been carried on at this center. At a previous meeting of this Board it was decided and recommendation was made to the Bishop and the Executive Board that this property be sold and the money be used to construct a parish hall on the property immediately adjoining St. John's Church, Grub Hill. War conditions have prevented the carrying out of this recommendation.

DABNEY HOUSE AND HOSPITAL

This center is maintaining its high degree of service to the community through its organized church work among adults and young people and through the hospital. Regular clinics are being maintained and other physical needs are being taken care of through the full time service of Miss Mae Bonner, R.N., who is in charge of the hospital. At the meeting of this Board, Miss Bonner's salary was increased to \$60.00 per month plus board, lodging and laundry. Miss Bonner also received \$100 per year from the Woman's Auxiliary.

Through the efforts of Deaconess Dunlap three active branches of the Woman's Auxiliary are maintained in the county churches. Daily vacation Bible schools are conducted. Special programs are arranged for adults and young people during the special seasons of the Church year. A Church School by mail to reach the isolated has been established. Routine visitations are made by the Deaconess.

The property is in very good condition with the exception of a sewage drainage pipe line. The contracts has been let with a Chatham plumber to take care of this situation. Inside repairs have been made to Dabney House which puts the building in a very good condition.

In the place of the usual financial statistics given by this Board to the Council we submit a financial statement made by Deaconess Dunlap to give you a more detailed picture of the receipts and disbursements:

In addition to the above statement must be added the salaries of Deaconess Dunlap from the United Thank Offering, \$1,200.00, and Miss Bonner from the Community House appropriation \$600.00, and the Woman's Auxiliary \$100.00. Total cost of operation \$3,793.48.

PHOEBE ANNE HOUSE

The work at this center continues in the usual routine manner. The worker, Miss Annie Hankins, U. T. O., reports she made 588 visits. There were 2,886 callers at the Community House, 52 medical cases were handled, 114 clothing and 67 food. The relief provided in these three types of cases was valued at \$449.52.

The property is in very good condition, minor repairs being made from time to time. The worker keeps a family living in part of the house. This family looks after fires and cleaning and helps the worker in caring for those who come to the house when the worker is not available.

The worker's financial statement is herewith submitted:

Respectfully submitted,

NORVELL E. WICKER, *Chairman.*

APPENDIX N.

REPORT OF THE COMMITTEE ON PAROCHIAL REPORTS

To the Fifty-First Annual Council of the Diocese of Southern Virginia:

Gentlemen:

It will be remembered that by Resolution of Council, March 1st was set as the final date for parochial reports to be returned to the Secretary of Council. On March 1, 1943, 58 reports had not been returned. On April 1st, 27 were still outstanding. On May 3rd, eleven had not been received. As these eleven represented the statistics from small congregations, we made estimates and are herewith presenting to Council a table of Diocesan statistics for the year 1943.

There were fewer errors this year than in previous years. On the other hand several reports were received which were not completely filled out; a few came in with entire pages blank. Most of the information requested on the parochial report is printed in the Journal of Council and all of it is needed for statistical purposes. Where information is not given, statistics are incomplete.

Respectfully submitted,

THE COMMITTEE ON PAROCHIAL REPORTS.

APPENDIX O.

REPORT OF THE TRUSTEES OF THE FUNDS OF THE PROTESTANT
EPISCOPAL CHURCH IN THE DIOCESE OF SOUTHERN VIRGINIA*To the Council:*

The Board of Trustees of the Funds of the Diocese submits herewith the report of Messrs. Frederick B. Hill & Co., Auditors, showing the funds on hand, the income from which has been turned over by it to the persons entitled thereto; and reports that there have been no changes in the funds during the past year other than the calling by the American Hardware Co. of Petersburg of 18 shares of its preferred stock held by the Diocese for the Board of Missions, derived from the Witherspoon legacy, the proceeds of which, aggregating \$1,800 has been received by the Treasurer and been deposited in Account "C" as requested by the Board of Missions and is to be invested by your Board.

Your Board also reports that as of January 1st, last, it effected a division of the John D. Letcher Fund between the Trustees of this Diocese and the Trustees of the Diocese of Southwest Virginia, which division is in process of being carried into effect. In this connection it further reports that in April, 1943, it received an offer for the purchase of its interest in the Tazewell Building, Norfolk, a part of the John D. Letcher fund, at a price of \$33,000, which, after full consideration was unanimously declined.

It further reports that at its annual meeting for 1943 it elected Mr. J. Bilisoly Hudgins of Norfolk as a member of the Board to fill the vacancy caused by the death of the late Mr. George H. Lewis.

Respectfully submitted,

HENRY H. LITTLE, *President of the Board.*

APPENDIX Q.

JACKSON-FEILD EPISCOPAL HOME
 Greenville County, Virginia
 Report to Council May 11, 1943

OFFICERS

President—C. W. Granby
Vice-President—Geo. B. Townsend
Secretary—James Mann
Treasurer—W. C. Davis

The 15 members of the Board of Management are elected from nominees chosen by Council. Five members, whose terms were ending, were this day re-elected as follows: Rev. P. H. Sloan, Mrs. W. W. Wilkinson, C. D. Patterson, James Mann, James W. Wells.

There are now 22 girls in the Home, one of whom will be especially designated for support by the income from the Maria Washington Tucker Memorial Fund.

There is attached a financial report of the Certified Public Accountant for the year ending December 31, 1942. Summarized it indicates that the \$9,453.00 income for the year was derived from:

Charges for partial support.....	\$ 4,540 00	.480%
Church's Program.....	2,500 00	.265%
Contributions (Woman's Auxiliary, etc.).....	919 00	.097%
Income from investments.....	1,494 00	.158%
	<u>\$ 9,453 00</u>	<u>1.000%</u>

Average number of girls during year—22.

Average operating cost per girl—\$431.00.

Average operating cost per girl per day—\$1.18.

This cost has steadily increased from 94c in 1940 and \$1.035 in 1941 and is due primarily to rising prices and partly to a somewhat smaller number of girls.

C. W. GRANDY,
President Board of Managers.

APPENDIX R.

To the Council of the Diocese of Southern Virginia:

I beg to report that since my report to you last May the Virginia Seminary has carried on successfully though unprecedentedly.

On account of the war it seemed necessary to embark upon an accelerated course. Accordingly we admitted a new class early last June and had a graduation in January, 1943. A new academic year began in February which will terminate in September. Our numbers have begun to decrease though not so markedly as I had expected. The class which entered in February, 1943, contained fifteen men instead of the usual twenty-five. From present indications the class which comes next September will be about the same size. If the war lasts long, it will necessitate rethinking completely the recruiting and training of the ministry.

Respectfully submitted,

ALEXANDER C. ZABRISKIE, *Dean.*

I have officiated at almost all the city funerals and also all government funerals.

There have been approximately one hundred and fifty services held at the Welfare Centre.

The following churches have been very helpful in their services:

Park Avenue Baptist Church (second Sunday in month).

Park Place Baptist Church (third Wednesday in month).

LaFayette Presbyterian Church.

Messrs. Moore, Berry and Winston (one or the other every Sunday and some week days).

Salvation Army.

School of the Bible.

LaFayette Presbyterian Church.

Central Baptist Church.

Church of The Ascension.

I wish to call your attention to the splendid work that Mrs. Sousa has done at the Welfare Centre, cutting the patients' hair and rendering many other valuable services. Mrs. Sousa certainly carries her religion into her everyday life.

Freemason and Central Baptist Churches have given valuable services in special entertainments.

The Roman Catholic Church has also been very helpful in the aid given by their Priests and Sisters.

The Church of the Good Shepherd has rendered very efficient work at Christmastide, giving carol services at the Home and also some eatables—this has been much appreciated by the inmates.

I wish to thank all those who have given of their time and means both to the Welfare Centre and also to the U. S. Marine Hospital. I especially wish to tender my thanks to the Superintendent (Mr. Haynsworth) who has been most courteous and has assisted me in every way.

I have taken magazines and jigsaw puzzles to the inmates of the City Home.
